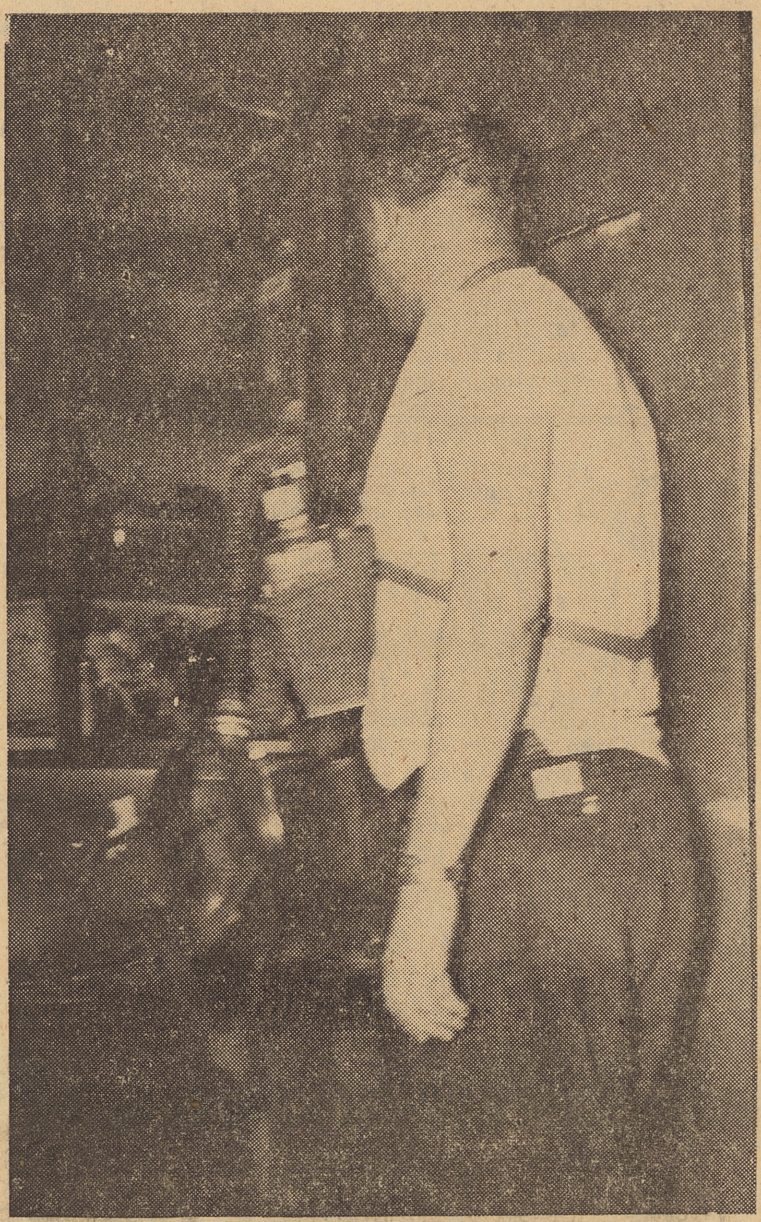
A GROWING NEWSPAPER — A GROWING COMMUNITY

Vol. 64, No. 42 — CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA — 10c — Thurs., October 25, 1956

FIRE AT THE H. E. STEPHENS residence, 71 S. Fourth St., last Friday noon did extensive damage to kitchen walls, and heat damage to the rest of the house.

Nine volunteers plus regular firemen answered the call as did The Campbell Press staff. On the right Editor George Vierhus is pictured entering the house with his trusty camera in hand while Ad Manager Joe Anello stands by on the left to "direct" the operation. In the lower picture Fireman Bruce Gammon, with his gas mask dangling, inspects the charred walls of the kitchen.



Reissued Permits Lead September Building Parade

Building permits in Campbell totalled $269,187 during September but 22 of the permits for $176,000 were reissued ones because of previous cancellations. The net total, according to W. L. (Bud) Morser, building inspector, was $93,189.

The 22 permits were for dwellings for the Trojan Contruction Co. and were for $8000 each. The homes are located on San Tomas Aquino Road, La Pradera, Rio Serena, Villa Rita and Calado. The original permits were cancelled May 21, 1956.

The largest permit otherwise went to the City of Campbell for the remodeling of the new City Hall at 75 N. Central for $20,000. Dr. Robert Wade was issued a permit for $18,300 for remodeling of doctor's offices at 440 N. Winchester for the next high job for the month.

Dwelling permits issue included: J. Espinosa, 408 N. Esther, $12,000; Trojan Construction, 1566 Villa Rita, $10,400; R. C. Herschbach Dell Ave., $11,200 and Floyd Little, 41 Cherry Lane (guest house) $2304 and H. J. Dooly, 74 N. First, (addition), $1600.

St. Lucy's Catholic Church was issued a permit for the remodeling of the rectory for $8000 while the Seventh Day Adventist Church, at 531 Rincon, took out a permit for a school for $4320.

Other permits for the month included, S. E. Geyer, 1077 Fewtrell, garage, $800; Irish Washerwoman (Audrey Cassidy and Thelma Johnson) 332 N. Winchester, sign, $175; Benevento, Pacific Insulation, 113 N. Second, alteration, $800; D. G. Toroni, 154 Cypress, remodel garage, $1120; Mrs. M. M. Koenig, 418 Whitehall, addition, $300; 5-Spot Drive-In. 28 S. Winchester, awning, $1168.

Towne Pride Market, 515 E. Campbell, sign, $200; 5-Spot Drive-In, sign, $500.

Bike Rodeo!!

A "Bike Rodeo" in Campbell loomed as a means this week to combat the growing tendency of the young fry bike riders of the community to ignore traffic rules and regulations pertaining to bikes.

Campbell police admitted that they were worried about the situation The police reported that they were willing to cooperate with any civic organizations that would care to sponsor a bike rodeo at which prizes could be given for the best and most careful riders and emphasis placed on obeying traffic regulations.

With fall days approaching, and moreyoungsters out on their bikes at dusk (and some after dark without lights, the police say), the hazards increase. Chief of Police Robert Lokce has said that the department may impound the bikes of youngsters

RAIN DROPS

The storm passing over in the last few days deposited .03 of rain, according to the Campbell Water Co. gauge. Total rainfall to date is .68. Normal to date is a "trace."

On The Line in Campbell

Jack Scott, Campbell Fire Chief, reported this week that Robert A. Mason, of county communications, will show a motion picture of the atomic bomb explosion in Nevada at the regular meeting of the Campbell firemen on Monday, November 5. The picture will follow the regular meeting at about 8:30 p.m. and members of families of police, firemen and city officials are invited. A brief explanation of the county bond measures on the ballot for November 6 will also be made.

—o—

The Campbell Press inadvertently got some of the members of the Campbell Lions Club into hot water during their recent house-to-house light bulb sales campaign to raise funds for the Lions' blind aid program. The Press reported that the bags would sell for $1 each which was incorrect. The price was $2 per bag. Sorry, fellows, if we twisted your tails.

—o—

With the start of the last lap of the campaign, the election tempo has increased throughout the area. The Republicans recently opened their campaign headquarters at 36 E. Campbell and this week, not to be outdone, the Democrats opened offices on Campbell Ave. next to the Campbell Water Co.

—o—

Two local Republican groups, the Republican Assembly and the Council of Republican women are co-sponsoring the campaign headquarters. Mrs. Ralph Hyde, president of the local council, reports that voters may call FR 8-0179 from 8:30 a.m. to 5 p.m. daily for information. Mrs. Hyde also reports that the Republican women will meet October 31 instead of their regular date. The business meeting will start at 9:30 a.m. with the program at 10:15 a.m. open to the public. Assemblyman Bruce Allen will discuss election issues. The meeting will be held at campaign headquarters.

—o—

The Campbell Press gets into the political picture this week by endorsing candidates(on the editorial page) and also making recommendations for voting on the 19 state propositions that will be on the ballot.

—o—

The Campbell Police Department may be forced to impound bikes of youngsters in the community if the flagrant infractions of the traffic laws by the bike riders continue. If the impounding program goes into effect, parents will be forced to pick up the bikes at the police station and pay the impounding fee set by the Chief of Police.

—o—

Chief of Police Robert Locke appeared before the Board of Trustees of the Campbell Union High School District on Tuesday of this week to report that high school students have been so uncooperative in their attitude about littering the streets near the high school and ignoring traffic regulations that it was felt that it may become necessary to "close the campus". Board members agreed to take the matter under advisement.

—o—

The new 1957 Chevie was unveiled last weekend in Campbell at Bob Coyle's lot on Winchester Road. For a week prior to the showing, however, a car stood in the center of the lot completely covered with a big ? on it. For the record that WAS not the 1957 Chevie under the cover. Our operative reports that it actually was a 1955 job with tires off to make it look lower, but the real 1957 product was there for the weekend.

New Area Gets Zone

After hearing reports that several industries are planning to move into the area and also from property owners now living there, the Planning Commission last Thursday recommended light industrial zoning for the 60 acres that were recently annexed to the city.

The territory is adjacent to the southern city limits and extends along the railroad track to Parr Ave. It adjoins the site owned by the Cascade Research Inc. which is planned to be annexed to the City within a short time.

Speaking on the light industrial zone side were Sam Cava, secretary-manager of the Campbell Chamber of Commerce; Noel Brown, representing an artificial limb manufacturing firm in San Jose that wants to move to Campbell; Herbert H. Todd, 97 Casey Road, a resident of the area and Bob Houston, local real estate agent.

In other actions, the Commission:

(1) Delayed action on a front yard setback ruling related to street widening pending an opinion of City Attorney Joseph Bonacina.

(2) Denied an application to erect a subdivision sign at the northern city limits;

(3) Granted Tony Raffanti a parking variance for a commercial building at Campbell Ave. and Second St. and approved the plans for the structure.

(4) Granted approval of the plans for Yano T. Circo for a commercial-residential building on San Jose-Los Gatos Road.

(5) Approved plans for the remodeling of the store front of the Nelson Bros. Grain and Feed Co.

(6) Told William Harris, attorney for the Bert Burdas, owners of the A and W stand on Winchester Road, that his clients would have to comply with the requirements of the city ordinance regarding paving of the lot. Harris had asked that requirements be waived.

Red Feather Drive Lags

Campbell Mayor John M. Chargin was awarded a plaque for "service beyond the call of duty" last Monday for his activities in Campbell's drive to reach its $10,000 goal in the County-wide Red Feather Campaign.

The award was presented to Mayor Chargin by television's "Mayor of the town", actor Thomas Mitchell, at the third Campaign progress luncheon at the Hotel Sainte Claire in San Jose.

Give The United Way

At the same time the Twin Cities Mfg. Co., of Campbell, was awarded a plaque for a 100 per cent contribution from its employees.

According to Campaign over-all chairman, Edward H. Ryan, Campbell trailed (as of Monday) behind the over-all total figures. Campbell's donations amounted to $2528—or 25 per cent of the $10,000 goal.

The contributions will provide the minimum needs of the 30 Red Feather agencies in Santa Clara County for 1957 operations.

A breakdown in contributions by cities is as follows: Santa Clara—$28,047 (66 percent of that city's goal); Milpitas-Alviso — $26,297 (97 per cent); Cupertino-Monta Vista—$2528 (28 per cent); Los Gatos—$4111 (25 per cent); and Campbell—$2528 (25 per cent).

Breakdown of Monday's report for Campbell, division by division, is: Professional, 56 per cent—$170

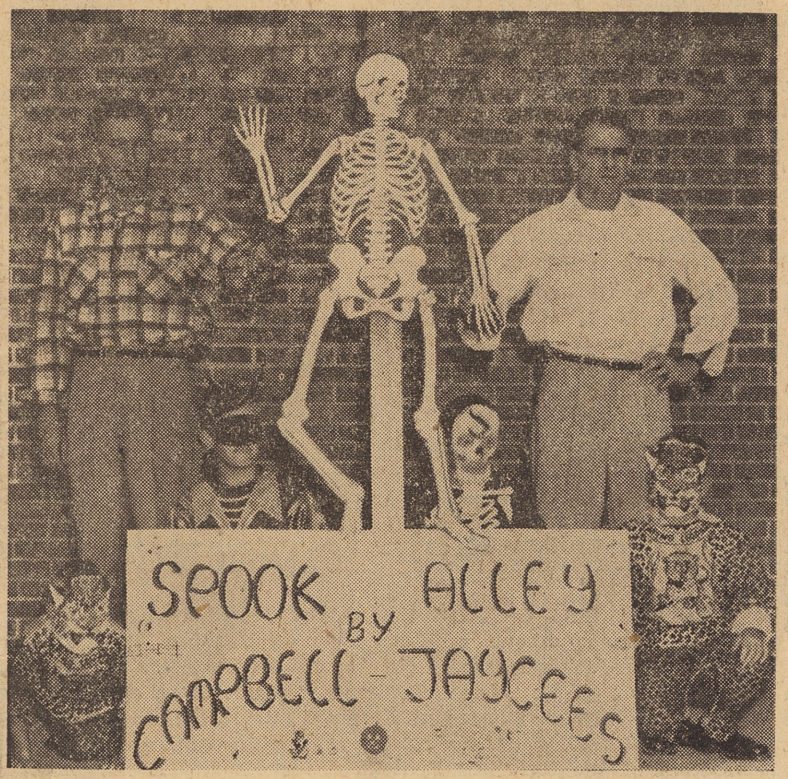
GIVING THE RED FEATHER MORE MILEAGE—Howard Lillingston, Campbell area chairman for the United Red Feather Campaign (with the hose) lends a hand at Wes Briggs, Union Oil Service Station on Saturday when $25 of the profits of the gasoline sales were turned over to the local drive. Miss Marion Hill, area chairman in the residential division is on the left while Jim Black, service station attendant, stands by.



Stores to Give Spook Party

Sponsored by the merchants of the Campbell Shopping Center (Latimer at Winchester Road), a Halloween Party for the youngsters of the community is planned for next Wednesday, October 31, at the shopping center.

Kids will be king-pins from 6:30 to 8:30 p.m. and there will be entertainment and prizes galore. One of the features will be a parade of the costumed youngsters with prizes going to the funniest, most frightening, and most original. Youngsters will be divided into age groups in the prize competition.

Another feature, according to G. A. Bringhurst, owner of Laurel Variety and Toys, who is general chairman of the affair, will be the "Spook Show" sponsored by the Campbell Junior Chamber of Commerce under the direction of Charles Livingston, Burt Reynolds and Gerald Whitaker.

In the above photo, Reynolds (left) and Whitaker, try to get Mr. Skeleton to lend a hand for the Spook Show. Youngsters in costume and behind those masks trying to get a preview are left to right, Gordon Reynolds, Larry Bringhurst, Danny Theroux, and Doug Lyons.

He Was In It

Former Mayor Recalls Local Pastor Who Founded First Cub Scout Pack

Some weeks ago a movement was launched in town to raise funds for the building of "The Rev. Joseph H. Bennett Memorial Hall" on the grounds of the Campbell Congregational Church. The Rev. Bennett, who served for 18 years as pastor of the local church, was instrumental in the establishing of the now flourishing Cub Scout organization in the United States.

It had long been one of Rev. Bennett's dreams to build a hall for the use of all forms of Scouting and other young people's work. The realization of his dream was denied him in his lifetime (he died last April).

The movement to build a lasting memorial to Rev. Bennett was instituted by members of the Congregational Church. The broad aspect of his work and because Campbell is known today as the birthplace of Cub Scouting in the United States, it was felt that the project should be more than just a church function but should be communitywide in scope.

Some idea of how those who knew Rev. Bennett felt about him can be gained from the following article written by Richard Morton, a San Jose attorney, Campbell's first mayor and who has served on the City Council continuously since the city was incorporated in 1952. Councilman Morton was a member of the Cub Scout troop formed by Rev. Bennett and also a Boy Scout when the popular minister was scoutmaster.—G.V.

By Richard Morton
Councilman and former Mayor

The announcement of the plans to construct "The Rev. Joseph Bennet Memorial Hall" for the use of young people's groups in the City of Campbell has aroused a great deal of interest in those of us who knew Rev. Bennett from his first coming to Campbell in 1927. It is a matter of intense personal satisfaction to me to see this community giving honor to a man to whom the community owes so much. Those of us who now have a share in the life of our community and who also had the privilege of receiving guidance in our early years from Joe Bennett, know full well how much the one has influenced the other.

For as long as I can remember him, Joe Bennett was always a part of our community. He just didn't live here—he lived with all of us. He was no cloistered cleric.

RICHARD MORTON
. . . Recalls Youth

Just as he struggled with the customs and viewpoints of a strange new country, he never refused to accept his responsibilities to his neighbors, or to acknowledge the sometimes trying differences in our ways of life.

A great deal has been written about the fact that he formed the first Wolf Cub Pack in the United States, basing it upon an organization which was then very popular in England, and with which he had had a great deal of experience. I was a charter member of that first Wolf Pack. But, there has not been much written or said about the feeling of deep frustration that he must have had at times during the early years of that endeavor. Less than six months before he died, Joe Bennett and I had a long discussion about this. He recounted again how the national scouting organization turned down his ideas when first presented to them. He recalled the fact that it was necessary for this community to carry on the pack on a trial basis without assistance from the national organization for more than two years before there was general nationwide acceptance of the movement.

I was also a member of Troop 28 of the Boy Scouts of America and Joe Bennett was its Scout

(Continued on page 2)

Council May Change Plan Line Policies

An entirely new approach on the adoption of controversial plan-lines for streets may be in the offing. This was indicated Monday at the City Council meeting when Councilman Richard Morton suggested that before adoption some thought should be given as to the time, if ever, when the street in question would be widened.

The matter came up when the Council held the public hearing on the Campbell Ave. official plan line recently adopted and forwarded by the Planning Commission. The plan would widen Campbell Ave. to 80 feet which would necessitate when this widening took place, the taking of 10-feet off each side.

Morton pointed out that the street may never be widened because of the terrific cost involved. He wondered whether it was wise to "freeze" the 10-foot setback now and in effect penalize those who may want to remodel their present buildings.

The Council closed the hearing but deferred any action on the matter until the return of City Attorney Joseph Bonacina whose ruling was needed also on the legality of special "agreements" bethe City and remodelers who will agree to move back their buildings, at their own expense whenever a street is eventually widened. Until then they would be allowed to build to the old line.

The matter will be discussed further at the public hearing on November 19 on the even more controversial Winchester Road plan line which was also recently adopted by the City Planning Commission. The Planners took three months in adopting the Winchester plan but all officials agree that the widening of Winchester Road is sooner or later a certainty and thus the plan-line presents a different picture than Campbell Ave.

Zoning Issues Keep City Dads Busy in Meeting

Problems passed on to them from the City Planning Commission kept the City Fathers pretty busy Monday night.

During the evening, the City Council (1) set November 19 as the public hearing date for the controversial Winchester Road plan-line; (2) gave first readings to ordinances that would change the present zoning in two areas; (3) deferred action on the Campbell Ave. plan line; (4) deferred action on zone change request to make the corner of Union Ave. and Campbell Ave. C-2. (Council members wondered why it should not be C-1); (5) deferred any action on the alleged zone violation case of the G. and P. Equipment Rental Co. on San Jose-Los Gatos Road.

One of the zone-change requests that of William King for the corner of Harrison and Central Ave. north of Hamilton, was given approval of the board but not before the Council members spent some anxious moments studying the ramifications of the problem. Now in a residential zone, King, who was present, told the Council that he planned to build commercial buildings with apartments upstairs. Some of the Council members wondered if this would open the area to commercial altogether but the City Dads okayed it largely because the Planners had given earlier approval.

There was no question over the zone change to C-1 for the Barbano property (Campbell Ave. at San Jose-Los Gatos Road) as no change in the present use was contemplated. The Union Ave.-Campbell Ave. property zone change was held up because no one was certain what was planned for that location.

On the zone violation case of the G & P Equipment Rental the Council realized it had a knotty problem and that the City Attorney's advice was needed before action could be taken. W. L. (Bud) Morser, city building inspector, informed the Council that he had already notified the equipment company that it was in zone violation because its equipment was being stored in the yard rather than within a building as required. Another problem in the case, however, is that the area is now in the process of being rezoned. The Council wanted a ruling from the City Attorney before any further action was taken to enforce the law.

To further complicate the case

(Continued on page 2)

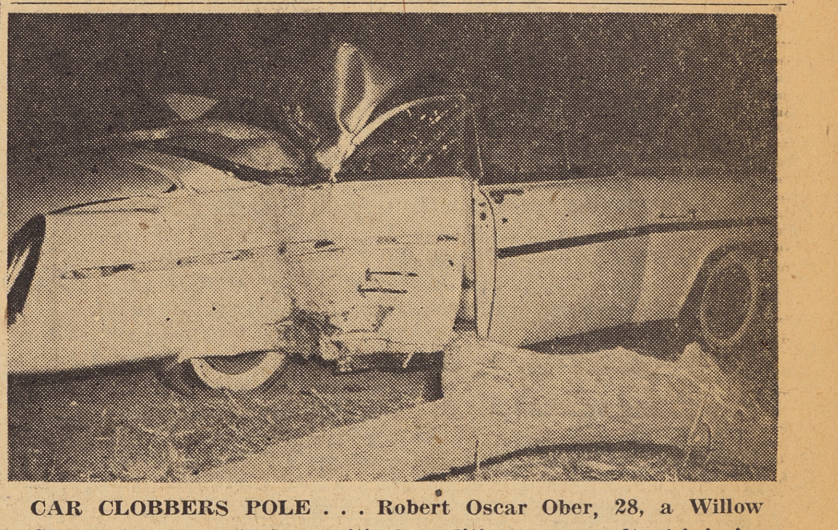
Streets to Have Yuletime Spirit

If the merchants of Campbell will raise $800 for Christmas street decorations, the City Council will allot $300 for the job, Sam Cava, secretary-manager of the Campbell Chamber of Commerce, reported to the Merchants Committee Tuesday night.

The Merchants Committee voted to raise at least $2100 in order to purchase 28 more scroll decorations and to repair those that were ripped last year.

Mrs. Emily McConnell, chairman of the Merchants Committee, said that all local merchants will be notified by letter of the committee's action. Following the notification the merchants will be contacted personally.

The decorations will be on Campbell Ave., from Winchester Road to the bridge and at the Double AA Market corner. The decorations will also be placed on Winchester Road from Cherry Lane to the Campbell Shopping Center.



CAR CLOBBERS POLE . . . Robert Oscar Ober, 28, a Willow Glen resident, is still in a critical condition as a result of injuries suffered when he tried to outrun a police car in a 90-mile-per-hour chase and crashed into a telephone pole at Winchester Road and Hamilton Ave. at about 11 p.m. Sunday. San Jose police started to chase Ober in San Jose when he sped past a parked patrol car on Pine Ave. in San Jose. Ober raced west and failed to heed both red lights and siren. With his headlights out, Ober is alleged to have charged down the wrong side of Hamilton Ave., passing a line of 15 or so cars including, the Campbell Police car of Carl Arnold and Don Perkins, forcing them into an orchard. At the end of Hamilton, Ober apparently tried to apply his brakes and the car went into a broadside skid and slammed against a telephone pole. The above photo shows the result.—Campbell Press photo.

More About
Local Pastor

(Continued from page 1)

Master at that time. Those years that I spent at both cubbing and scouting under the tutelage, guidance and inspiration of Joseph H. Bennett I shall never forget.

"Jumping Joe"

Friends of Joe Bennett called him "Jumping Joe". There was no derision intended in the use of that nickname. It began out on the golf courses of Santa Clara County. I can recall caddying for my father many times when Joe was playing. Once he had one of those 400 yard drives--200 yards straight up and 200 yards down. As he skied the ball, he looked up and shouted "Fore, God". As he did everything, he played golf hard. When he would hit a poor shot, he would jump and stamp the ground and wave his arms, hence the nickname. I can still remember him telling my father, though, that he would have to give up the game or give up the ministry because he couldn't play golf and not cuss.

Always Willing to Help

Joe never stopped wanting to to help our city. Just before he died, he came to me as Mayor saying that he wanted to take some active part in Civil Defense as he now had some spare time, and I remember his words, "If there isn't anything to do there, let me help wherever I can be of service".

With the death of Joseph H. Bennett the City of Campbell has lost one of those rare persons who think more of others than of themselves. That is why those of us who knew Joe think that it is particularly appropriate and fitting that the community is now thinking of him.

More About
Zoning

(Continued from page 1)

A. C. Goulding, who resides next to the equipment rental company, complained of the noise and dirt raised by its operation. Goulding has persistently objected both before the Council and the Planners. He was told by Mayor John M. Chargin that the City had no authority to act in a private nuisance case.

Building Inspector Morser also asked the Council to change Fire Zone 1 to 2 in some cases but the City Fathers told him they wanted to study the subject further.

Present also at the meeting were Joe Agostinho and Bill Harrison, local realtors, in their second appearance before the Council in "the case of the missing sewer". They were told to present their claim in a formal manner to the Council and it would then be acted upon.

Smog Boss Says Program Depends On Cooperation

A successful air pollution control program will depend on the cooperation of all the residents of the six-county Bay Area control district.

That was the keynote of a talk presented recently by Benjamin Linsky, newly-appointed air polution control officer for the district, at a meeting of the Manufacturers Association of San Mateo County.

Pointing out that the key to success of the program is obtaining the cooperation of the residents of the district, Linsky declared, "Our job cannot be done unless we get three-quarters of a million people on the team."

"Unless we do," he added, "the program won't work. We can't do that much policing."

Linsky explained that the first task now facing the district is setting up a framework of rules and regulations under which to operate.

After these rules have been adopted, he added, then will come the largest and most important task.

That will be the job of informing the people of the area what the objectives of the smog control program are and how they can be carried out.

"What I want to do," he said, "is to clear our own air of misunderstanding."

Linsky emphasized that the district's approach to smog control will extend beyond the rules and regulations.

"We don't want to think in terms of minimum standards. Most of you have learned that the minimum requirements are not nearly enough."

Although the objective of the district's program will be clearing pollutants from the air over the entire Bay Area, Linsky pointed out that "what we do in our back yards and what we do in our plants are the significant factors."

He explained that the district facilities and personnel will be available to help work out smog curbing problems with any firm.

"We must operate on a team basis if there is to be any success from this program," he said.

NEW SENIOR CLASS OFFICERS . . . Campbell high school officers from left to right are Don Dunton, president; Misako Ninomiya, treasurer; Sharon Ray, secretary, and Elaine Mayer, vice president.

Footlighters to Present Comedy On November 9-10

"The Solid Gold Cadillac" the satirical comedy about a little stockholder, which was one of the biggest New York stage hits through many performances until the spring of 1955, will be the next attraction of the Campbell Footlighters. It will be presented on November 9 and 10 at the Campbell Union High School Auditorium.

A spoof of big business, politics, the theatre world and assorted subjects this farce comedy is the work of Howard Teichmann, previously known as one of the country's outstanding television wrilters, and George S. Kaufmann, writer of such stage hits as "The Man Who Came to Dinner", and "You Can't Take it With You".

Margaret Chamberlin will be starred in the leading role of a sweet mannered and timid lady who upsets a big corporation's annual stockholders' meeting by asking some questions which make the members of the board of directors fidget. To quiet her, they give this genteel busybody a job handling "Stockholder relations". Greg Parker will be seen as a former president of this corporation who has had to leave it all (and sell his stock at a whacking profit) in order to take a government post in Washington. He joins forces with the wistful little lady to wrest the firm from the oily slickers who are running it.

These four unscrupulous tycoons are to be played by Max Bowles, Bert Legg, Budd Levenberg, and Art Lagomarsino. Others in leading roles will include; Ida Levenberg, Pat Meiss and George Nelson.

The play is under the direction of Margaret Chamberlin; set design and supervision by Ethan Lanphear and lighting technician, Boyd Fair.

Sponsoring the two-night production is Camden High School P. T. A. which will benefit from the ticket sales.

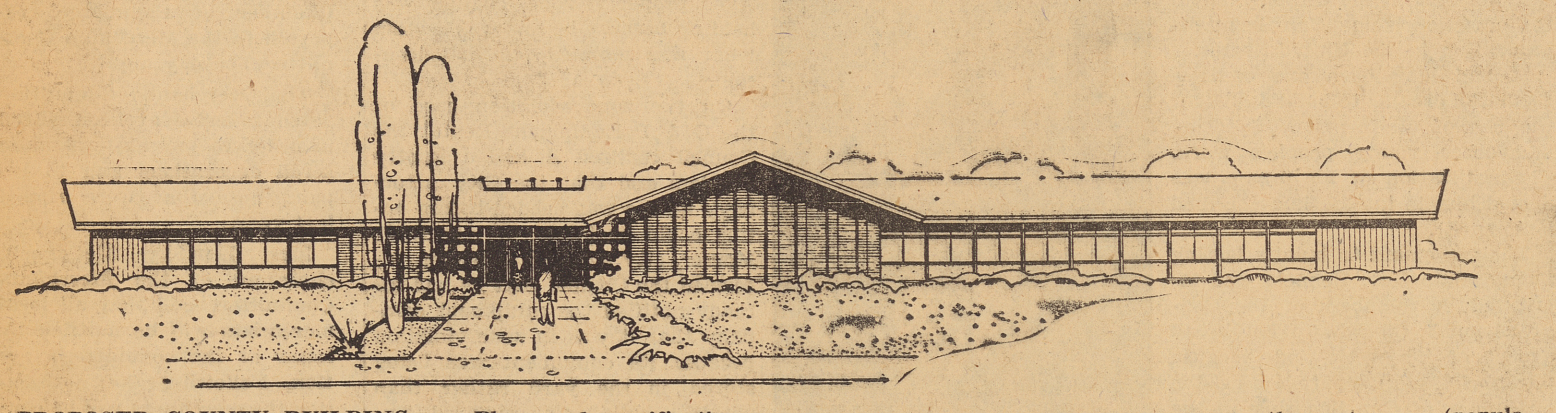
North End County Building to Save Taxpayers Money

A bid for countywide support of a county office building to serve the 100,000 residents in the north end of Santa Clara county is contained in a statement from the recently-organized Citizens' Committee for County Bond Measure No. 5.

Stanley R. Evans, president of the Palo Alto Bar Association and committee chairman, emphasized this week that a favorable vote on the measure is justified by savings to taxpayers throughout the county.

Evans called attention also to the fact that similar facilities will be an early need in the south end of the county, "and we believe that mutual understanding and cooperation on the part of all citizens toward the problems of each other will assure affirmative action to the advantage of everyone.

"The county has owned a seven-acre site at Alma Avenue and Charleston Road for three years," he observed. "At present four different locations are being rented by the county and a fifth has been ordered in event the measure fails. Rent will cost $1,500 a month, and over a 25-year period will reach the staggering figure of $450,000.



PROPOSED COUNTY BUILDING . . . Plans and specifications have been prepared for this county office building, construction of which is proposed in County Bond Measure No. 5. Containing 36,800 square feet on the ground floor and 9,000 feet of basement, it is designed for requirements in the north-county area (population now 100,000) for the next five years. Cost of $835,000 would be paid over a 25-year period, at an annual cost to the taxpayer with a $16,000 home (assessed valuation of $4,000) of 32 cents.

Arends Commends Bruce Allen for Highway Projects

Emerson "Doc" Arends, well-known Campbell businessman and civic leader, and chairman of the local campaign committee for the re-election of Assemblyman Bruce F. Allen, commended Allen this week for his part in achieving the all-time record high budget for county highway projects recently announced by the State Highway Commission.

Of great importance to Campbell residents, Arends points out, is the money set aside for paving the 8.8 miles between Bascom avenue in San Jose and Los Gatos as part of the Route 5 freeway.

Last July 23, Allen organized a delegation of top city and county officials to appear before the State Highway Commission in San Francisco and urge the completion of this vital section of highway.

"Allen's efforts are directly responsible for the budget on this freeway section, as well as for such highway and traffic improvements as pavement widening and installation of signals at the Moorpark, Hamilton and Union avenue intersection of San Jose-Los Gatos Road," Arends comments.

The incumbent Assemblyman, who has completed two legislative terms, will address Campbell voters in two coffee home sessions next Tuesday, October 30: at 7:30 p.m. at the Robert Landreth residence, 122 W. Catalpa Lane, and at 9 p.m. at the home of Mrs. John Nickelson, 591 Flora.

Both meetings are open to the public.

Commission Issues Decoration Guide

The California Public Utilities Commission has called to the attention of cities and organizations which are planning street decorations for Christmas to the safety guide prepared by the Commission's electrical section.

An early announcement of safety regulations will be made so that the necessity of having to make changes because of non-conformity can be avoided.

Frequent hazardous violations, according to Commission engineers, are: decorations too low; improper insulation on wires from from which decorations are suspended; span wires of inadequate strength; installation of ungrounded and unlocked switch boxes within reach of public; obstruction of pole climbing space; and decorative wires too close to high voltage street light fixtures.

Last year the commission sent copies of a mineographed guide to cities, counties, utilities, chambers of commerce, decorators, and contractors throughout the State.

If guides cannot be obtained from one of these sources, copies are available at the Commission offices in the State Building, San Francisco. Inquiries should be labeled: "Attention Electric Section."

Phone Company Has "Fun" Preparing For Long Distance Dialing Here

Ever hear of someone working for the telephone company who dials wrong numbers?

They're doing it all the time these days at the Campbell telephone office. But with a good reason. It's all to make sure things go smoothly when persons with FRanklin 8 numbers start dialing their own long distance calls November 3.

Dialing such places as San Francisco, Los Angeles, even Chicago or New York will be almost as easy as dialing a call across the street. Hundreds of cities and towns in California and across the nation will be at the fingertips of telephone customers here.

Right now, Pacific Telephone crews are thoroughly testing the complex electronic equipment that makes it all possible.

That's where the wrong number dialing comes in. Ralph Marsh, the company's man in charge of the testing operation, figures calls will be made.

"A lot of them are dialed wrong on purpose," he explained, "just to make sure the equipment doesn't send the call to the wrong place."

People will still get wrong numbers if they dial wrong, he hastened to add. But they won't thousands and thousands of test get a wrong number because the equipment made a mistake.

The number of test calls made also is far above the rate of calls expected when direct distance dialing actually starts. If the equipment functions properly when overloaded now, it is a good bet to handle the regular flow of calls without a hitch.

The electronic equipment not only connects the long distance call, but keeps track of how long the call lasted and then adds up the charges.

County Measures Gain Support of Varied Groups

"Individuals and organized groups from all sections of Santa Clara County are voicing their support for the approval of $7,115,000 in bond measures that will finance vitally needed new county buildings and facilities," it was pointed out this week by George B. Myren, chairman of the Citizens Committee working for passage of the bonds.

The seven bond measures already have been endorsed by the Santa Clara County Taxpayers Association, the San Jose and Sunnyvale Chambers of Commerce, the San Jose City Council and the Santa Clara County Contractors and Home Builders Association.

Included in the bond measures are provisions for $2,835,000 to build County Office and Service Buildings at the Civic Center site, $450,000 for a Chronic Nursing Unit at the County Hospital, $1,200,000 for a new Juvenile Hall at the Civic Center, $180,000 for an addition to the County Health Department Building, $835,000 for a North County judicial and office building at Palo Alto, $350,000 for a Communications Building serving all county departments and all communities and $1,275,000 for purchase of more land at the Civic Center, the County Hospital, and the North County building site.

Backers of the measures point out that more buildings and facilities are mandatory to give Santa Clara County residents the service they demand and deserve and the cheapest and best way to finance a construction and land purchase program is through a bond issue.

Mayor John M. Chargin heads the Citizens Committee campaign for the bond measures in this area.

Vet-Loan Interest To Stay Below Three Per Cent

The interest rate on "Cal-Vet" home and farm loans to war veterans is not likely to rise above 3 per cent, despite the unusually high cost of the California Veterans Bonds sold earlier this month, the State Department of Veterans Affairs announced this week.

Department Director J. Marvin Russell points out that the California Veterans Board reaffirmed the 3 per cent Cal-Vet interest rate on October 5th, two days after a $35 million block of bonds were sold to lenders at a net interest cost of 2.7 per cent.

Russell said that the Board took into consideration the fact that the State's financing program bases its operation on the average cost of all outstanding bonds. In the past years, as market conditions have fluctuated, California Veterans Bonds have sold at interest costs ranging from a high of 4.5 per cent to a low of .97 per cent. The selling price of these bonds averages out to a fraction over 2 per cent.

"There has always been a substantial dollar margin between the interest paid to the Department by veteran contract holders, Russell declared, and the interest the Department in turn has paid on outstanding bonds. Not only has this money taken care of all administrative expenses of the program, but it has built up a sizeable reserve for contingencies as well."

Russell observed that as the Department's volume of business expands, the percentage of operating cost will decline even further.

Bureau to Combat Fictitious Price Claims in Ads

The Better Business Bureau of Santa Clara County will join a national program to combat the use of fictitious compartive price claims in advertising, its manager, Wes Strouse, announced this week.

According to Strouse, the use of false or unverified claims regarding value, former price, original, regular or usual price of an article has become so widespread that it threatens the public's confidence in advertising in general. "It is false and misleading for advertisers to create an illusion of savings, which, in fact, do not exist," Strouse declared.

Strouse noted that while many of the fictitious or unsubstantial comparative prices originate at the local retail level, the problem in the San Jose area, as in others, is complicated by fake pre-ticketing and inflated list price practices carried on by some national and regional manufacturers. "As a result," he said, "it is well nigh impossible to expect local retailers to voluntarily and independently agree to bring their comparative price claims down to earth."

In cooperation with the national program, the Santa Clara Valley Bureau plans to step up its investigations of fake comparative prices and, where advertisers are unable or are unwilling to back up their claims, and continue to carry such advertising after being shown the facts, the Bureau will refer its findings to the appropriate authorities.

Strouse pointed out that the Bureau will make every effort to help advertisers keep their price claims accurate and informative.

"Our objective is very simple," Strouse declared, "we only want to see comparative price claims on a realistic provable basis which will merit the confidence of the public."

Area Girl Scouts Get New Officer

Mrs. I. A Hystad was recently appointed to serve as District Chairman for the Cloverleaf District (Campbell Area) of the Girl Scouts by Mrs. John Langwill, Santa Clara Valley Girl Scout president.

Mrs. Hystad will replace Mrs. J. Collins in the position. Her appointment resulted from her election to the board of directors of the Santa Clara Valley Girl Scouts.

Girl Scout executives will attend the Presidents and Region II Conference in Long Beach October 29 to November 1. The main topic for the Presidents Conference will be "The Next Steps to Assure Good Progress for Our Ever Increasing Girl Scout Membership".

The Santa Clara Valley Council is now serving more than 6200 girls, and expects an increase of 125 new troops during the 1956-57 year, with an estimated total membership of 2000 girls. The Council's membership in 1950 was 1526 girls.

Bucs Dump Rams, 26-0

Paced by a fine running backfield, Campbell High Bucs ran over the Willow Glen Rams Friday afternoon at the losers field. From the opening play it was Campbell's game all the way although before game time, it seemed as though the odds were stacked against the Bucs.

Bud Scribner, who has been Campbell's flashing running back was suffering from an injury received in the last game. The Rams averaged 25 pounds per person more than each member of the Buc line.

The second half was handled much like the first with Campbell putting in everything they had including six of the J. V.'s who were with the team.

Willow Glen taking the ball on the kickoff fumbled which was quickly recovered by Ray Salvano who played an excellent game on defense and offense. After making another first down the Bucs couldn't seem to go anywhere so it became the Rams ball. The Rams after two unsuccessful plays completed a pass for a first down. Trying hard they just couldn't seem to get organized so they had to kick the ball on their third down which was picked up and run back by Jim Keech. On the first play Corbus flipped a long pass to Frank Koontz, Campbell's flashing end who made 45 yards on that down. Another pass, this time to Dave Smith proved successful for another touchdown. After making the extra point the scoreboard read Campbell 20, Willow Glen 0.

Willow Glen now realizing that they were fighting a losing game slacked off in the fourth quarter after losing the ball to the Bucs after four plays on which they made little or no progress. Then Smith, Buran, and Alvarez teamed up carrying the ball on 10 plays just inches from the goal line. With five seconds remaining in the game Dave Alvarez dived over for another touchdown. Try for the extra point failed, so as the gun went off the scoreboard read Campbell 26, Willow Glen 0.

Bucs Battle Eagles Friday To Try for Fourth Win

By Richard Ferguson

Campbell's Bucaneers will be out to increase their three win, one tie season record to four wins when they meet the Mountain View Eagles tomorrow night at Mountain View in the top SCVAL game of the week. Mountain View at the present moment has a 1-1 conference record.

The game should be a hard fought contest with neither team rated much better than their opponents. James Lick defeated Mountain View 7-0 for the only loss so far this season. Coach Muir's Bucs, who proved that brawn doesn't always mean an advantage when they thumped the Willow Glen eleven last week, will be eager to win their third league encounter. Substitutes for Campbell have been showing their ability in the last few games which is an asset to any ball club. Dave Alvaraz at fullback and Tom Farley have seen considerable action whenever Campbell plays.

Mountain View probably has the most experienced team in the SCVAL this year with 21 of their last years lettermen returning. The backfield is very speedy and ground gains are easily chalked up by the Eagles.

Mountain View's attack is led by such stalwarts as fullback Lee Drocco, quarterback Gerry Volpe, who hits end Steve Flynn with better than average accuracy. Line bulldozers for the Eagles are Loyd Maugn and Marne Palmateer.

Cordova, Profit, Prnjak, and Salvano will provide the defensive rush for the Bucs. Jerry Chacon and Frank Koontz will be catching the all important passes thrown their way by quarterback Jim Corbus.

A win over Mountain View will move the Bucs to within one-half game of league leading Fremont High.

Calvin Vargas, Campbell's flashey fullback and Mike Profit, right tackle, will be the team captains for tomorrow's league tilt.

"How old am I?"
asks Mrs. Charles Vellenga,
1221 Edgewood Road, Redwood City

She's a writer . . . an amateur photographer . . . and women's editor of a newspaper. But, most important of all, she's mother of a fine family. And, like so many of today's busy mothers, she looks years younger than her age.

Ever wonder why so many women look and feel so much younger these days? One good reason: *Modern household appliances.* They free women from so many chores that used to rob them of their youthful beauty.

Take Jean Vellenga, for instance. She leaves most of her hard work to labor-saving household appliances. And she's celebrating her 45th birthday this year.

Here's the beauty of it: With gas and electricity so cheap in California you can run a whole houseful of appliances all day for the price of a bottle of popular hand lotion.

Ups and Downs

Buc Lightweight Hoopsters Defeat Fremont But Lose to Washington

Campbell Union High School basketball lightweights had their ups and downs last week. Their ups came on Tuesday when the 120's won handily 35 to 23 over Fremont and the 110's defeated a strong lightweight five in an overtime, 29-27.

Kent Winters drove in for the final tally to give the 110's the coveted victory. Mayeda set the overtime up when he dropped in two free throws with seven seconds left in the game.

Washington, however, sent both Buc teams down to defeat. The Washington 120's slipped by Campbell 33 to 31, while their 110's won more decisively, 32 to 26. Mayeda tanked 11 points in the 110 game to lead the scorers, and Tashiro led the 120's with 12, followed closely by Segar with 11.

JV's Come From Behind to Tie

After trailing most of the game, and falling behind by a score of 19 to 7 in the third quarter, the Campbell Union High School Junior Varsity came from behind in the fourth quarter to tie Fremont 19 to 19.

When the game ended, the Bucs were on the six-inch line after a sustained drive of 60 yards. The Campbell JV's scored each touchdown after long drives. Their first score came after grinding out 73 yerds when quarterback Jim Cole plunged over from two yards out.

The second TD resulted from a 60 yard drive and again Jim Cole pushed his way through. The final tally came when Leroy States covered the last 25 yards of a 45 yard drive in one play.

The starting line-up had Pinkston and Jones at the end spots; Walters and Morello at tackles; Tannehill and Fuller were the guards; and Gallaher was center. The backfield had Cole at quarterback; the backs were Flaherty and States; while Ratledge was fullback.

Light Opera Company To Give Vagabond King

The San Jose Light Opera Company announced this week that it will present the Vagabond King November 2 and 3 at 8 p.m. at the University of Santa Clara Auditorium in Santa Clara.

The Vagabond King tells the story of the Paris outlaw, Francais Villon, played by John Reitman. Much intrigue and romance revolves around Villon and his cohorts' attempts to overthrow the throne.

Spartans Work on Defense for Their Trip to Tempe

Heavy concentration on defense have marked San Jose State preparations for Saturdays intersectional grid meeting with Arizona State at Tempe. It will be the Sun Devils Homecoming game and a capacity crowd of 16,000 is expected to witness the 8 p.m. (7 p. m. PST) kickoff.

Bob Bronzan's Spartans have developed into one of the top offensive teams in the nation, currently ranking third in passing (averaging 209 yards a game through the air) and seventh in total offense (371.5 yards per game). At the same time, however, the Spartans have given up 362 yards per game. San Jose has scored 14 touchdowns in four games but has given up 16.

This accounts for the concentration on defense this week before meeting the powerful and productive multiple offense of Arizona State. Bronzan has been experimenting all week, shifting men and positions in an attempt to find a suitable defensive combination. However, he said he wouldn't make up his mind on any definite changes until the end of the week.

The Spartans' quarterback, Bob Reinhart, completing 16 out of 23 against San Diego last week, has climbed back up into third spot among the nation's passers and holds eighth position in total offense. Reinhart has completed 48 of 88 for 638 yards. Arizona's Dave Graybill is 10th in passing with 33 out of 53 for 399 yards. Spartan halfback Art Powell is 10th ranked pass receiver with 14 receptions of 306 yards. Bobby Mulgado and Leon Burton, ASC's fine halfbacks are both ranked in the top 20 in rushing.

This rivalry has become one of the hottest in the nation, with thrillers the custom. In the last four years, the Spartans have defeated the Sun Devils 21-14, 19-12 and 27-20, while the Sun Devils took the 1953 engagement, 35-20. Overall, in the series, started in 1936, the Spartans have won six and lost one but will be underdogs Saturday.

The game will be broadcast on Radio KEEN, San Jose and KSCO, Santa Cruz starting at 6:45 p.m. with Bob Blum at the Play by Play microphone.

JV's Bulldogs to Clash

The Campbell JV's football squad will try to break their current jinx tomorrow when they meet the Bulldogs of San Jose.

Not having had too good a season so far the JV's are showing steady improvement. They should be all fired up for this game.

They are still very green in the line and backfield. Future games will show what they really have.

San Jose State quarterback Marv McKean and halfback Harvel Pollard are both candidates for the Academic All-American grid team.

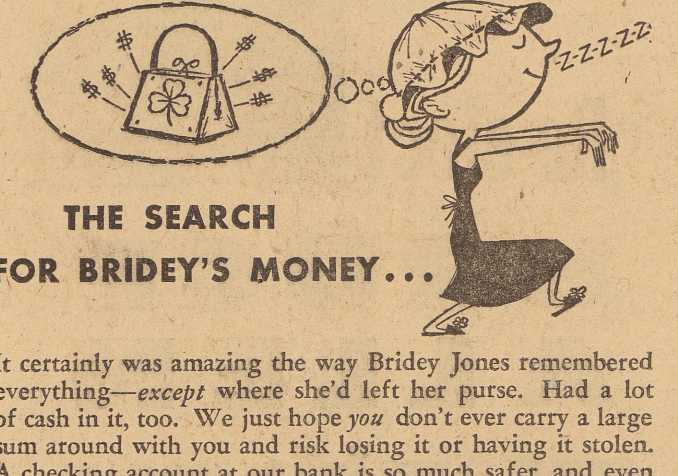
HOW TO REACH YOUR GOAL . . .

You know the goal we mean. It's something important to you and your family. Something you want. Like a new car, color TV, a bigger house, college for the kids. Or a little extra money tucked away, just in case. The best way to reach that goal is to save a definite amount of money every month *starting now,* in a savings account at Bank of America—where billions in resources provide *safety,* where your funds are always *immediately available* and where you can bank *conveniently* at any of our nearly 600 branches all over California. Your savings will earn full bank interest, too!



THE SEARCH FOR BRIDEY'S MONEY . . .

It certainly was amazing the way Bridey Jones remembered everything—*except* where she'd left her purse. Had a lot of cash in it, too. We just hope *you* don't ever carry a large sum around with you and risk losing it or having it stolen. A checking account at our bank is so much safer, and even handier than cash. You can pay bills by mail with Bank of America checks and save yourself that hiking around from store to store. Why not check your cash with us—*soon!*

B of A Quiz Corner

DID YOU KNOW THAT you can do *all* your banking with us by mail? Addressed envelopes, deposit slips, signature cards, loan application forms—anything you need to bank by mail—we'll furnish on request. It's just another convenient feature of Bank of America service.

Famed Lecturer Comes to Evening Forum on Sunday

Dr. Preston Bradley comes to San Jose, Sunday, October 28 as the third featured speaker of the Sunday Evening Community Forum at the First Methodist Church, 5th and Santa Clara Streets.

The meeting will open at 7:30 P. M. with an invocation by Dr. Corwin Olds, of the First Congregational Church of Campbell. The speaker will be introduced by Dr. Harold C. Crain, head of the Speech and Drama Department of San Jose State College.

"Faith Alone is the Answer" will be Dr. Bradley's topic. This minister, lecturer, author and radio commentator is enjoying his 45th year in the great People's Church of Chicago, largest non-sectarian church in the United States. The book, his latest — "Happiness Through Creative Living" was third on the best seller list a month after publication.

Dr. Bradley gives over 200 lectures and addresses a year before civic, cultural and business organizations as well as to colleges, universities and international groups.

Following his much anticipated talk here October 28, Dr. Bradley will grant the usual Forum question and answer period. Everyone is invited. No admission charge. A free-will collection will be taken.

Hal Boutte, San Jose State end, was All-Northern California selection at Hartnell under tutelage of former Spartan Ken Blue.

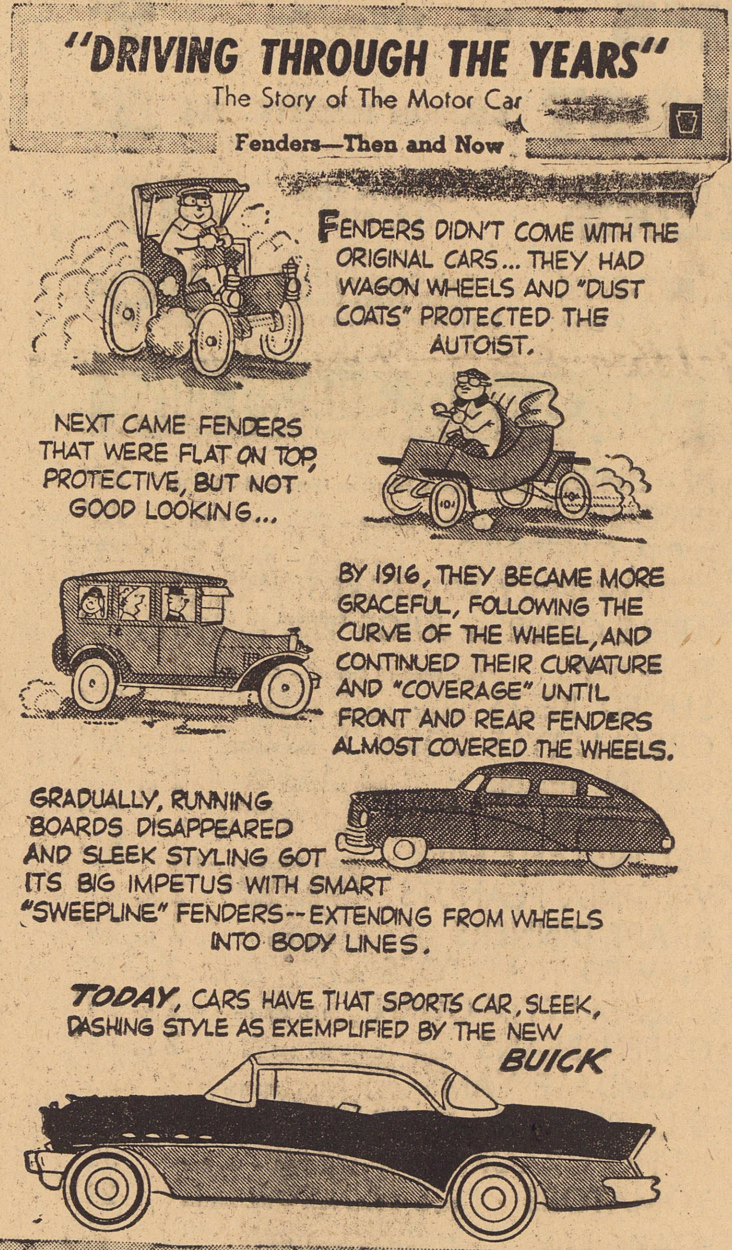
HADLEY—To Mr. and Mrs. Raymond B. Hadley, 830 Hazelwood Ave., Campbell, a girl, Carolyn Faye, born October 13 at Doctors General Hospital.



"DRIVING THROUGH THE YEARS"
The Story of The Motor Car
Fenders—Then and Now
FENDERS DIDN'T COME WITH THE ORIGINAL CARS... THEY HAD WAGON WHEELS AND "DUST COATS" PROTECTED THE AUTOIST.
NEXT CAME FENDERS THAT WERE FLAT ON TOP, PROTECTIVE, BUT NOT GOOD LOOKING...
BY 1916, THEY BECAME MORE GRACEFUL, FOLLOWING THE CURVE OF THE WHEEL, AND CONTINUED THEIR CURVATURE AND "COVERAGE" UNTIL FRONT AND REAR FENDERS ALMOST COVERED THE WHEELS.
GRADUALLY, RUNNING BOARDS DISAPPEARED AND SLEEK STYLING GOT ITS BIG IMPETUS WITH SMART "SWEEPLINE" FENDERS--EXTENDING FROM WHEELS INTO BODY LINES.
TODAY, CARS HAVE THAT SPORTS CAR, SLEEK, DASHING STYLE AS EXEMPLIFIED BY THE NEW BUICK

LAW IN ACTION

EXTRADITION

Shorty and Slim held up a store in Illinois, divided the loot, and skipped the country, leaving only their fingerprints.

Illinois sent out an all-points bulletin, and California picked up Shorty as his plane landed and the Surete in France arrested Slim as he tried to register at his Paris hotel.

How do we get the two crooks back to face trial?

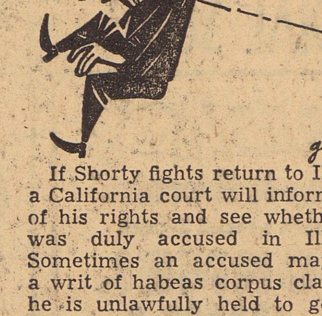
1. First Shorty and Slim must be duly accused. The Illinois governor can then demand that California hand Shorty over. But no state governor can call upon France to hand over Slim. Only the President can under a treaty with France, and only for certain crimes. Nor when they get him back can the Illinois courts try Slim for any crime but the one he was extradited for.

For one thing, while most nations want to return real crooks, they do not like to return political refugees on one charge so that they can be punished for another.

For our part, we give the accused a resonable time to get back before we try to extradite him again for new charges.

2. But within the United States when California hands Shorty over, Illinois may try him not only for the robbery but also for any other crime.

Our U. S. Constitution says that a person charged with treason, a felony or other crime, who shall flee from justice, shall upon demand by the governor of the state from which he fled, be delivered up to the state having jurisdiction over the crime.



If Shorty fights return to Illinois a California court will inform him of his rights and see whether he was duly accused in Illinois. Sometimes an accused may use a writ of habeas corpus claiming he is unlawfully held to get his story properly before a California court. As a last resort he can try to get the governor, who has wide powers, not to send him back.

In any case, interstate and international pursuit of an accused person is a complex and costly business.

Note: California lawyers offer this column for you to know about our laws

30's to Meet Eagles Friday at Mt. View

Campbell 30's will be out to get their first win of the season when they meet the Mt. View Eagles October 26, at 6 p.m. there.

Coach Raley, not too pleased with their past games says, "They should be ready for this one!" The Little Bucs have yet to score in league play this year. They dropped their first game against Santa Clara 19-0 and to Washington 21-0.

The past week they have done nothing but scrimmage and work on offense and defense. They still may be in the running for the championship.

Ben Prather, San Jose State center, was a fullback at San Jose High and as a freshman at Stanford.

George Barrera, San Jose State guard, is one of 12 children.

About 300 varieties of herbs and spices are found in Indonesia.

Benny Guzman, San Jose State halfback, was also a pole vaulter and sprinter at San Jose High.

California's State motto is "Eureka," meaning "I have found it."

The common sea horce reaches a length of five or six inches.

Quito-Saratoga Kiwanis Hear Talk on Prop. 2

Bill Henley, superintendent of Campbell Union High School District spoke to the Quito-Saratoga Kiwanis at their regular meeting last night at Quito school. Henley discussed proposition 2, which deals with state aid to school districts.

Following the meeting the board of directors met and heard committee reports. Junior Morgan was program chairman for Henley's speech.

VFW Stages Party For Agnews Patients

The Campbell V.F.W. Auxiliary gave their monthly party recently for patients of the Agnews State Hospital. Games were played and prizes were presented by Ralph Jones, Millie Hill, Edith Smith and Alice Keyes.

The Auxiliary's first card party of the season was held at the home of Millie Hill last Friday night.

State Installs Safety Devices

Safety devices costing nearly two million dollars have been installed at grade crossings in California over the past two and one-half years, the California Public Utilities Commission announced this week.

The Commission is authorized by the Crossing Protection Fund, established by the legislature in 1953, to pay up to one-half of the cost to a city or county for improvement of crosing protection. An additional $200,000 was voted for the fund this year.

Included in improvements were 42 new automatic gates with flashing light signals; installation of flashing light signals at 150 crossings, and wig-wags or other devices at 10 crossings.

Santa Clara County received four, amounting to $12,288.

Claude Gilbert, San Jose State fullback, was regular centerfielder on the Spartan basball team until Spring practice.

CAMPBELL AREA Women

ALYS RILEY, Women's Editor

THE FORMER SARAH LEE HINSON . . . became the bride of Earl G. Brownfield of Campbell in recent ceremonies. Both are graduates of Campbell High School, and will set-up housekeeping here following a honeymoon at Lake Tahoe.

Justweds to Make Home in Campbell Following Lake Tahoe Honeymoon

Reciting nuptial vows at the First Baptist Church in Cupertino recently were the former Sarah Lee Hinson of Cupertino and Earl Gene Brownfield of Campbell. The Rev. Harold Green officiated.

As she came down the aisle on the arm of her father, the bride wore a white ballarina-length gown with a white veil. Bearing the ring was Don Hinson, the bride's cousin.

Flower girl was Betty Lou Hully, niece of the groom. Maid of honor was Doris Fay Hinson, one of the bride's sisters. She wore a lavender net over taffeta gown and carried a nosegay of blue carnations. Organist for the ceremony was Mrs. Norma Hinson.

The bride's twin sisters, Mrs. Jenene Bishop and Mrs. Janette Sullivan, served as bridesmaids. Each was attired in a blue net over a blue taffeta gown, and each bore a nosegay of pink carnations.

In addition to her three sisters the bride has two brothers, John and Edward Hinson. She is the daughter of Mr. and Mrs. Clifford L. Hinson, 18730 Newsome Ave., Campbell. The Hinsons are former residents of Jonesborough, Arkansas.

Best man was the groom's brother, Paul D. Brownfield of Campbell. Ushers were Jim Spicer of Cupertino and Bob Whitewing of Campbell.

The groom also has two sisters, Velma Hayes and Pauline Holley. He is the son of Mrs. L. Cary, 150 S. Gilman Ave., Campbell, and Mr. Mose Brownfield of Tulsa, Oklahoma.

The reception was held at the Cupertino home of Mr. and Mrs. Johnny Sullivan. More than 45 friends and relatives witnessed the cutting of a three-tier wedding cake under decorations of silver leaves and white roses. Mrs. Norma Hinson provided the music. Vocalist was Wendel Foss.

As the couple left on their wedding trip to Lake Tahoe, the bride was attired in a gray tweed knit suit. The justweds will make their home in Campbell.

The bride graduated from Campbell High School this year, and is employed at the Hester Branch of the Bank of America in San Jose.

The groom is a 1950 graduate of Campbell High School.

Brownfield was formerly employed at Brown's Barber Shop in San Jose. He is presently one of the new barbers at Penhall's Barber shop at 565 E. Campbell Ave.

COMING EVENTS

CLUB NEWS

Eastern Star

Star Circle Chapter of the Eastern Star will hold a pot-luck luncheon tomorrow at the home of Mrs. Glen Siegner, 14892 Conway Ave., Cambrian Park. The luncheon will start at 12:30 p.m. Those attending must bring their own table service.

—o—

St. Justin's Guild

The Guild will stage its 4th annual whist party this Saturday at 8 p.m. at St. Justin's Church Hall, 2265 Homestead Road, Santa Clara. Everyone is invited, acording to Mrs. Robert Ross, general chairman. There will be a 75 cent door-charge. Proceeds will go toward St. Justin's building fund. For tickets call Mrs. Robert Rooman, AX 6-8788, or Mrs. Myron Mayer, AX 6-5427.

—o—

CHURCH NEWS

Congrgational Church

A pot-luck fellowship dinner will be given at the church this Saturday at 5:30 p.m., according to Mrs. Evabelle Fuller, the Church's publicity chairman. All members of the Church and their friends are invited to attend. Dessert and coffee will be furnished by the committee. Following the dinner a business meeting is scheduled. Mr. and Mrs. Harry Smith are co-chairmen for the affair.

—o—

Westhope United

"How Shall We Live" is the topic of the Sunday morning sermon to be given by Rev. Donald W. Jolly. At the evening service, Tom Rogers, a former serviceman, now studying at San Jose State College, will show his favorite collection of colored films taken in the highlands of Alaska. Carole Mack will lead the high school group at 6:30 p.m. The college and junior high school groups also will meet at that hour.

—o—

Calvary Temple

Sunday school attendance went "over the top" last Sunday with a total of 271 pupils, according to Pastor M. F. Coughran. More than 300 are expected to atend the school this Sunday. Revival meetings are still in progress and are gaining momentum.

—o—

World Community Day

The West Santa Clara Valley Council of United Church Women will observe World Community Day at 2 p.m. on November 2 at the Los Gatos Presbyterian Church on Shannon Road, Los Gatos. Speaker of the day will be Rev. Peter Ruf of Santa Cruz. Those planning to attend should think about bringing relief bundles, according to Mrs. H. E. Burke, publicity chairman.

—o—

Prince of Peace Lutheran

"The Truth Will Make You Free" is this Sunday's sermon topic at the Saratoga Church by Pastor Werner P. Welchert at 10:30 a.m. Childrens message will be "The Five Gates." The Northern Conference will be held tomorrow and Saturday at the First English Church in Sacramento. The Luther League will meet at the home of Diane Evans Sunday night at 7. The final session of the Lutheran Leadership Training School will take place Tuesday at the Grace Church in San Jose.

Christian Science

This Sunday's lesson-sermon is entitled "Everlasting Punishment," with selections from "Science and Health with Key to the Scriptures," by Mary Baker Eddy.

The estimated area of the Panama Canal Zine is 553.8 square miles, 170.2 square miles of water and 383.6 square miles of land.

Moreland to Hold Annual Carnival

The annual Moreland P.T.A. Carnival will be staged next Wednesday from 4 to 10:30 p.m. at Moreland School, according to Anna B. Davis, publicity chairman. The school is located at Payne, and Saratoga avenues.

The event is open to the public. Proceeds will go toward the installation of a lawn on the school playground.

Featured will be bazaar booths, a patio shop with varieties of flowers, the "Sewing Box," games of all kinds and pony rides for the youngsters.

Dancing under the stars will be offered for young and old. Dinner will not be served. There will be hot dogs, hamburgers, pop-corn, candy, coffee, coke, ice cream, candied apples, cotton candy and frozen bananas for sale.

Room mothers and their helpers will be in charge of the booths.

The Diamond Walnut Growers plant at Stockton will ship 100 million pounds of walnus annually, 70 per cent of the national crop.

PARENTS PERUSE PRIZES . . .. Looking over some of the prizes to be given at the Moreland P.T.A.'s Carnival next Wednesday are: (l. to r.) Mrs. Earle Wetterstrom, carnival chairman; Frank Maggi, P. T. A. president; and Mrs. Joseph Gallo, roommother chairman.

November 7 Date Set for Garden Club Flower Show

"Autumn Curtain Call" is the theme of the Campbell Garden Club's standard flower show to be held November 7 at the First Methodist Church of Campbell, 315 N. Winchester Road. The show will begin at 1:30 in the afternoon.

There is no admission fee for entries. The show is open to everyone, not just members of the club, Mrs. H. G. Blohm, president, announced this week. She encourages everyone "to fix up a pretty arrangement, or bring your finest specimen of flower or plant."

Awards in each of the 18 classes are as follows: First prize, blue ribbon; second prize, red ribbon; third prize, white ribbon; and for honorable mention, a yellow ribbon.

Points of judging are for color, stem, foliage, fullness, form, substance and size.

The show will feature chrysanthemums and other fall flowers. Song titles from popular musical plays will be the subjects for the flower arrangements. Tunes such as "Romance on the Range" from the show "Oklahoma" will go with arrangements using manzanita branches and chrysanthemums. "Nothing so bad for Woman" from "Carousel" is to be the subject of an arrangement using kitchen utensils.

Roses, polyanthus, dahlias, geraniums, pelargoniums and gourds will be displayed in the horticultural class, in addition to chrysanthemums.

There will be a special section for arrangements by men.

Persons intending to enter and wishing more information concerning rules and procedures should contact Mrs. H. G. Blohm at FR 8-5613.

Leaders to Take Training Course

A new basic training course for Blue Bird and Camp Fire leaders will be given October 29 and November 2 at the Congregational Church 400 W. Campbell Ave.

The sessions will be given from 9:15 a.m. to 3 p.m. They will be conducted by a training team composed of Virginia Langfelner, executive director of the Santa Clara Council of Camp Fire girls, Mrs. Leslie Jauncey, president of the council, Mesdames Eldon Fisher, Gunnar Peterson, Carroll Briggs, Ray Coe, Eugene Nowlin, Richard Black, Tomlin Mulford, Bryan Millar, Fred Craig, Philip Coppedge and Beryl Garcia.

All Blue Bird and Camp Fire leaders, assistant leaders, sponsors and interested persons are invited to attend, according to Mrs. Harry Smith, chairman of the council training committee.

The purpose of the course is to start Blue Bird and Camp Fire leaders on their way toward acquiring working skills and tools. Training certificates will be awarded to all girls who satisfactorily complete the course.

"TRICK 'R TREAT FOR UNICEF" . . . that's what these Campbell youngsters from the First Methodist Church will be saying on "trick 'r treat" night this year. Instead of asking for the traditional candy, the kids will ask for donations in the form of small change to the United Nations Children's Fund. Left to right are, Linda Wight, daughter of Mr. and Mrs. Earl Wight; Mike Miller, son of Mr. and Mrs. George Miller; and Karen Stephens, daughter of Mr. and Mrs. Charles Stephens.—Campbell Press photo.

Kids to Introduce Trick-Treat Twist

A new twist to Halloween trick 'r treat will be introduced in Campbell this coming bewitching eve by youngsters from the First Methodist Church.

Instead of asking for the traditional treat of candy, the children will ask for donations to the United Nations Children's Fund in the form of small change.

Last year more than one-half million dollars was contributed to the Fund from some 6000 communities in the nation.

The masqueraders asking for trick'r treat for UNICEF" will be identified by tags and collection cartons bearing the UNICEF seal.

Following their trick 'r treating, the youngsters will return to the Church for a Halloween party.

General chairman for the program is Mrs. Earl Wright. She is being assisted by Mesdames Howard Guilbert, Ella Grisset, Mervil MacLean, Thayer Lyons, M. E. Willoughby and Mr. and Mrs. John Bergthold.

Cambrian Methodists Plan Church Bazaar

The Cambrian Park Methodist Church will stage its "Harvest Festival" bazaar November 3 at the Church.

According to Mrs. Bernice Woehrman, many interesting and attractive and unusual articles are to be sold at the booths. Plans are underway to have a rummage sale, a parcel post booth and a "country store".

Job's Daughters Hold Dinner, Receive Members

Several new members were received into the Bethel 174, International Order of Job's Daughters, of Campbell, at a recent meeting in the I. O. O. F. Hall.

Previous to the meeting, Gay Williamson, senior princess, held her Senior Princess Dinner. The theme of the dinner was "Autumn Harvest".

Hank Sekoch, San Jose State guard, found the 1955 practice season 30 seconds too long. On the last play of the last scrimmage of the year he lost two front teeth.

Campbell Future Homemakers Win Confab Honors

Joyce Takano, Laura Raab, and their advosirs, Mrs. Olga Bese and Carol Young, represented the Campbell chapter of the Future Homemakers of America at its state convention at Asilomar on October 19 through 21. The Campbell chapter garnered many honors.

Miss Young and Mrs. Bese received the only two State Homemaker Degrees awarded at the convention. Mrs Bese accepted the degree for her daughter, Arlene, who is away at college. Mrs. Bese's other daughter, Virginia, received the same award a few years ago. Virginia is a former state president of the Future Homemakers.

Mrs. Bese, who is chapter mother, was awarded an honorary membership, and the Campbell chapter was made an honor chapter for the third straight year. There were six such honor chapter awards made at the convention.

Journeying to Asilomar for the final program on Sunday the 21st were, Sonja Benson, chairman of the honor chapter committee, Jeannette Hiland, Sharon Bayles, Kathleen Ertel and Mr. and Mrs. Frank Young.

Student teacher was Linda Lawrance. Teacher-advisors from Campbell High School, were Mrs. Adele Charlson and Yvonne Waskow.

Service Clubs Hear 'Yes on 3' Backers

Two Campbell service clubs yesterday heard San Jose State College faculty members explain the need for voter approval of proposition 3, the state construction bond issue on the November 6 ballot.

Owen M. Broyles, associate professor of economics, spoke to the Campbell Business and Professional Women's club at the home of Ellen Lanphear.

The Campbell Women's Service Club heard a talk by William H. Poytress, professor of economics.

Both professors are members of a speaking bureau set up to inform the voting public of the need for a "yes on 3" vote. Speakers have gone out from the College to major state institutions slated to receive funds for expansion when 3 is approved. Among these institutions are the Agnews State Hospital and the Soledad State Prison near Salinas.

SAN TOMAS SUMMARY

Isabelle Pechin
FR 8-8040

Girl Scout Troop 229, under the leadership of Mrs. Orrin Lawson, began to make blouses for summer camp at this week's meeting. When these are done, they will make their shorts.

Election day they will report to election precinct, Vineland No. 9, at the home of Mrs. Miles Standish. They will take care of small youngsters while their parents vote. They have made a practice of offering this service at every election in their precinct.

The exterior of the Baptist Church is completed, and Saturday work on the interior continues, under the leadership of Rev. J. R. Warren.

The Lovell Ave. bridge is in, and the approaches are finished, so the road can again be used.

MORELAND MUSINGS

Isabelle Pechin
FR 8-8040

This Monday the Explorer's Post No. 35 met at the home of Dennis McVey. Last week was Round Table at the Scout office, and last week end they attended the County Explorer's dance at St. Joseph's Gym. The County Explorer's Group invited a group of Senior Girl Scouts, and asked all their girl friends. Senior Richard Lindsay acted as Senior Crew Leader for the last time, as new officers will be elected at the next meeting.

The Sixth District PTA office, 18408 Paseo Olivos, has a full stock of PTA pamphlets and literature. It is located in the rear of the home of Mrs. Geo. Robertson. Marge Martin, who is in charge of the office which is open from 9 a.m. to 3 p.m., welcomes all who like to browse. If you're looking for good ideas on the smaal fry, this is the place.

QUITO QUORNER

Isabelle Pechin
FR 8-8040

The Bluebird program is well under way. The Quito-Saratoga Kiwanis Club is sponsoring the groups, and has made them a sponsor's gift. The girls are planning a party with a program to express their appreciation.

Mrs. J. G. Faria leads the fourth grade group which meets Tuesday after school. Irene Harper has the second grade group which meets Thursday, and Virginia Friends has the second grade group which meets Wednesday.

Mrs. James Steele was hostess to the Sew-and-So Club last week. The neighbors sewed, visited, and enjoyed Kathy's inimitable lemon chiffon pie.

Local Man Serves on Destroyer in Far East

Robert S. Graham, seaman apprentice, USN, son of Mr. and Mrs. John C. Graham of 717 Lyle Lane, Campbell, is serving aboard the destroyer USS Rowan operating with the 7th Fleet in the Far East. This is the sixth Pacific cruise for the Rowan, flagship of Destroyer Squadron 5.

The crew will have the opportunity to shop and sight-see in Australia, Japan, Hong Kong, Formosa, Honolulu and the Phillippine Islands when the ship visits these countries.

Salvation Army to Offer Free Pick-Up Service

The Salvation Army will offer free pick-up service in Campbell October 30 as part of their discard program, it was announced this week by Edmond D. Boles, public relations manager.

Those who wish to donate discards may call CY 4-6316, or write to the Men's Social Service Center, 60 Pierce St., San Jose.

A wide variety of materials are useful. These include clothing, bedding, appliances, furniture, househould goods, and toys.

Talking Mule Movie Open to All Small Fry

A full-length movie, featuring Donald O'Connor and Francis the talking mule, will be presented this Saturday at 1 p.m. in the San Tomas school cafetorium. All children are invited to attend.

The film is sponsored by the San Tomas pack 30 cub scouts. Admission fees are 20 cents for children and 30 cents for adults. Pop-corn and soft-drinks will be sold.

Adult supervision will be provided.

PTA Workshop Monday

Sixth District California Congress of Parents and Teachers will conduct a workshop for all councils and out-of-town council officers and chairmen, next Monday at 9:30 a.m. at the First Methodist Church, 5th and Santa Clara streets in San Jose.

Bay Section CSTA to Hold Asilomar Confab

The Bay Section of California Teachers Association will hold its 15th annual Officers Training Conference at Asilomar from October 26 to 28, according to Sheila Erskine, press representative.

All members of the California Teachers Association are invited to participate in the "round-table" discussions. Guest speakers will include Lyle Ashby, assistant executive secretary, National Education Association, and Jack Rees, president of the state-wide California Teachers Association.

Moray eels inhabit coastal waters of warm seas in all parts of the world.

don't run out of gas!

California isn't producing enough oil to supply its own autos, its farms, its industries—or its share of the Nation's defense needs.

We are running out of gas! Why?

Because today selfish operators with no regard for the public welfare are blocking modern conservation methods that the entire oil industry knows will double California's oil recovery.

A selfish minority is sabotaging YOUR gas supply ... keeping the State of California from harvesting billions of dollars in State oil revenues that could pay —tax free as far as you're concerned—for our new water program and many other needed public services.

"THE LARGEST STAKE IS YOURS AND MINE"
— STATE CONTROLLER

"In Long Beach alone the entire State stands to benefit by hundreds of millions of dollars in added income under PROPOSITION 4.

"Without unitization ... these new riches will be lost. You and I—as citizen landowners—hold the largest stake by far in the proper oil development of our State."

ROBERT C. KIRKWOOD,
State Controller, chief elective fiscal officer for California

PROPOSITION 4 GIVES CALIFORNIA ...
- A 12 billion dollar increase in economic wealth.
- New jobs and 2 billion dollars in new paychecks.
- A new supply of 4 billion barrels of oil—for our cars, our planes, our industrial machines.
- A secure source of oil for our National defense.

For more oil ... more gas ... more tax benefits ... more jobs ... more security

EDITORIAL

The Press Endorses Candidates

It is a massive task that the voters of California have cut out for them on Election Day, Tuesday, November 6.

Nationwide, of course, how California will go in the presidential election is extremely important, for there are 32 electoral votes riding on the outcome.

In addition to the presidential contest, however, throughout the State there are many pitched battles waging in congressional, legislative and supervisoral districts.

Then to top things off but good there are 19 state propositions on the ballot while locally there are seven county bond measures facing the voters and two proposed amendments to the county charter.

Every voter (even the most partisan) wants to feel that he is voting intelligently when he goes to the polls but this presents a difficult task when confronted with the massive ballot that will be on hand Tuesday, November 6.

Going on the premise that the average voter in this area has pretty much made up his or her mind as to the presidential side of the picture, The Campbell Press skips any endorsement of either party's standard-bearer.

We maintain that our task as a community newspaper calls for us to be more deeply concerned with what is going on in our local or state political backyard than with the national picture.

In other columns in this issue we have listed our recommendations as to the "yes" or "no" side of the 19 state propositions. So in this editorial we shall confine ourselves to our specific endorsements of candidates from U.S. Senator down to Supervisor for the 4th District.

For the record, The Press is independent so our endorsements do not strictly hue the party line.

Richards for Senator

For United States Senator, The Press endorses Richard Richards, now state senator from Los Angeles County, a Democrat.

We are convinced that Richards by his record in the state legislature has proved more capable than his Republican opponent, Thomas Kuchel, incumbent who was originally appointed to the position he now occupies.

Gubser Gets Nod

For U.S. Representative for the 10th District we endorse Charles Gubser, Republican of Gilroy, who has served capably as U. S. Representative.

Bradley — Allen

For Assemblyman for the 28th District we feel Clark L. Bradley, incumbent Republican, is better qualified than his opponent.

For Assemblyman 29th District we endorse Bruce Allen, incumbent Republican, who has done a studious and efficient job in the legislature.

We're For Slaght

The Press recommends that Oran L. Slaght, now serving on the Board of Supervisors be elected supervisor. He was appointed to the unexpired term of the late Joseph M. McKinnon, who served the district for more than 30 years.

The Press feels that Supervisor Slaght is best qualified in face of the responsibilities that challenge today's supervisors.

We recommend his election on the basis of the experience in financing and community responsibility he brings to the Board. Santa Clara County has become big business and Slaght's 39-year association with the Bank of America of which he was a vice-president when he retired this year, will be of valuable assistance as the County continues to expand and thrive.

He was born in San Jose and attended San Jose schools. He started in 1917 with the old Bank of Italy as general bookkeeper and auditor. He gained an intimate view of good banking and financial practices as he advanced through all departments as the bank grew with San Jose.

He knows the county and understands its problems. At 64 and retired he is in a position to devote time and study to the problems of the county. He has long been interested in civic and community affairs. We feel he has demonstrated his qualifications for the job during the time he has served on the Board.

We think that the Fourth District can be better served if Oran L. Slaght is elected on Tuesday, November 6.

OUT on the LIMB

with

George Vierhus

Notes on this modern age:

Ed Merrill, city treasurer since the city was incorporated in 1952, recently was allowed an adding machine with which to add up the columns of figures for the city on his cash and deposit reports.

Previous to the acqusition of the machine, Ed pust added the figures in the manner he had learned in school. You know , add in your head and then "carry one" and stuff like that.

We have ben curious to learn how Ed was making out with his new fangled machine inasmuch as errors in the past in his department have been few and far between.

He told us this week he finally had gotten onto the hang of it but for a while it was touch and go. It seems that the darn machine insisted on showing that the city had $90,000,000 in its treasury. Ed knew this was wrong but he couldn't make the machine understand.

City Clerk Dorothy Trevethan, got the city back to earth by clearing the machine for Ed. Now he's got it working o.k. But it's a shame in a way. The city, we are certain, could use the extra dough.

—o—

All kidding aside, we were much impressed by Ed's ability to add columns of figures accurately in his head. He told us that he has six different accounts showing received, paid out and balance and they generally run 34 lines in depth. He said he had always caught the few mistakes he had ever made.

Heck, we have a tough time adding and subtracting our personal checking account. We seem to end up almost always with a different figure than the bank. But of course, the bank has machines.

—o—

To give you some idea how far-reaching and important (?) The Campbell Press has become we wish to report for the record that we have added a "golf editor" to our staff.

We have yet to receive any dope from the guy but we have him in reserve. We plan to insist sooner or later that he come through with some copy, if for nothing else but to keep the record straight.

This revolutionary (?) step in the sports department of The Press come about when we were invited to send a sports writer from our paper to cover the recent Western Open golf tournament in aSn Francisco.

We didn't have a golf specialist at the moment but we managed fortunately to "draft" Mario Saia, owner of the meat department of the Double AA Market, for the job.

Mario went to the open on the Monday when the four top men played off their tie and we gathered from his verbal report to us he thoroughly enjoyed himself. He was given all the courtesies of the press and along with the big name golf writers of the metropolitan papers was allowed to trot around the course, shake the hands of the contenders and find out why they used a "7" when he would have used a "5".

Mario plays a pretty good round himself but amitted that the guys in the Open were a little better than he claims to be. We think we have a pretty good golf expert in Saia.

If we could get him to handle our golf department and with Marvin Moore, the youngest sports writer in the country, carrying the ball in his column, we would certainly have an outstanding sports staff.

The trouble is we are still waiting for Golf Editor Mario Saia to turn in his report of the tourney. The Open ended three weeks ago.

—o—

Mrs. Carl Olsen, 251 Llewlyn, phoned a couple of weeks ago to inform us that because an oak tree on their property was dying it was being cut down. We trotted over to see if we could get a shot of the tree that would be worth while for posterity and The Press. The picture we took didn't show the real picture, if you can figure that out.

Anyway the tree is estimated to be hundreds and hundreds of years old. Some tree experts even figured it was close to a thousand years in age. Not knowing too much about how old these oaks get we just must pass that one without comment.

—o—

Mrs. Olsen thought the limbs of the tree were very picturesque and we agreed. But our photo didn't do them justice. The Olsens were told that it was possible that the tree might topple over on their house some day so they thought they had better do away with it before such an accident occurred.

Two erstwhile woodsmen, R. B. Tomlinson and D. Homsley were manning the saw when we got there. They estimated that it would take them three hours to saw through the huge trunk. Carl Olsen, who had spent some 30 years at sea, was supervising the work.

The woodsmen told us just where the tree was going to fall. We are glad they knew. We parked our car a safe distance away just in case they missed their calculations.

We are sorry in a way we had to leave and missed the tree crashing to the ground.

On the other hand we are just as glad. We admit that it is quite a thrilling sound when "TIMBER" rings out and a tree smashes to earth. Yet it is kind of sad in a way.

Just think, a thousand years and then powie!!

But it does make one feel a little younger and mighty small, doesn't it?

During the period 1848-1954, California mines yielded 103,000,000 fine ounces of gold valued at more than $2-1/3 billion.

The term "board foot" used to measure lumber or timber originated in the United States and is used nowhere else in the world except North America.

Here Are Recommendations for Propositions

By George Vierhus

Plus the candidates seeking office from president down to supervisor, there are 19 state propositions on the ballot at the General Election on November 6, seven county bond measures and two proposed amendments to the county charter. The voter faces a Herculean task in his attempt to weigh all the merits and demerits of each issue and then come up with the right answer limited of course to a "yes" or "no".

It's too bad but there is no way to mark one's ballot "maybe" or "yes but" or "no but" . . . .

Of course the voter can leave the space blank, but we wonder if that solves anything.

Therefore, we present in the following report the suggestions of The Press as to what should be done to your ballot (on the state propositions) come election day. We make no claims to being prophets or that we have all the right answers. But on several of the propositions we are quite sure in our minds as how they should be marked. On others, we don't mind telling you, we are not so sure which is the right spot for the "X".

But here goes:

Propositions 1, 2 and 3—Vote 'Yes'

The first three measures are money jobs . . . bond issues in the amount of $800 million. We think you can give them all a big "yes" without any qualms.

PROPOSITION 1 asks for $500 million to continue farm and home loan program to California veterans which has been in operation successfully since 1921. Since that time the people in the state have voted nine bond issues aggregating $635 million to help veterans buy farms and homes. Defaults have been negligible and it has benefitted 90,000 veterans in its 35-years and it also benefits the state.

PROPOSITION 2 asks $200 million in bonds to continue state aid to impoverished school districts. This program has had an eight-year successful history. This comes close to home because Santa Clara County is one of the hardest hit areas as far as growth is concerned and our local school districts in the past have benefitted substantially from state school aid and every indication that this help will be needed just as much in the future.

PROPOSITION 3 allows $200 million in bonds to help finance a critically-needed five-year program of expansion of state universities, state colleges, penal institutions, mental hospitals and other governmental facilities. This is another necessary step because of the rapid-growth of the state and of this county particularly. San Jose State, for example, has an enrollment now of 10,000. By 1962 it is expected to reach 14,400 and within 10 years 20,000. Agnews State Hospital will receive more than $12 million. It, too, faces an overcrowding problem right now which also will become increasingly acute. Another state facility that will benefit from the measure is the Lick Observatory.

Now About Proposition 4? Wow!

Frankly this is a rough one.

This highly controversial measure has become a football in a sense and is being tossed around like crazy. We have had some trouble coming up with any answer at all in our attempt to find out just what the 18,000 word job is all about. But we are going to vote "no" and here's how we arrived at this conclusion:

Undoubtedly there is a great deal to be said on both sides. But the advantages and the disadvantages have been overshadowed by the flood of propaganda with which the proponents and the opponents have deluged the public.

The proposition essentially prohibits the waste in oil production (which sounds like a good idea). Waste is defined as any production which reduces the maximum economic quantity of oil ultimately recoverable under good engineering practices.

It also allows for compulsory unitization (unit operation) when the owners of 75 per cent of the surface acreage demand it. And it also limits the number of wells that can be drilled in any unitized field and on the rate of production for the whole field.

Proponents of the proposition claim that its sole purpose is to recover more oil from California fields but opponents maintain that it will allow major oil companies to import oil into California cheaper than it can be produced here.

So it goes. It is a real toughie to decide what is what.

We sincerely believe that the measure has a lot of merit to it BUT we don't like the way the State legislature was by-passed where this complex subject could have been studied by experts. It then could have been acted upon instead of foisting it on the public first with a mass of pros and cons.

Mainly because of this short-stopping we are going to vote "no" on 4.

Proposition 5

This proposition repeals the present State requirement that food be served in bars and it further specifically forbids minors to enter places where liquor only is for sale. We are for this proposition because the provision of requiring food in the bars has been largely ignored for years.

We favor a "yes" vote on this measure because we maintain that when one law is pointedly ignored it makes for a lessening in respect for all laws. In our opinion a law shouldn't be on the books, if it isn't practical or is unenforcable. That's why we are voting "yes".

Proposition 6

This measure would exempt church-owned parking lots from property taxation, specifically where the lot is not adjacent to the church building. Adjacent parking lots are already tax-exempt. Perhaps those drafting the proposition felt that they were helping the churches. We think that is commendable. But they have tossed in a number of peculiar restrictions and because of them we doubt that the churches will benefit a great deal.

We favor a "no" vote on this measure.

Proposition 7

This proposition would change the name of the lower house of the California legislature from Assembly to House of Representatives. Assemblymen would be renamed Representatives.

We think it is a silly idea to change the name after all these years and believe that a resounding "no" should be given this proposition. It seems to us that the legislators could have found something else more important to do than to waste their time and ours in drafting such a law.

Proposition 8

This is a constitutional amendment that would permit the legislature to convene in February instead of March during even-year budget sessions and then to recess up to 30 days after the Governor's budget is presented. This would give the legislators a longer period of time to study the biennial budget and still remain within the constitutional limit of 30 days for any budget session.

It sounds like a good idea. So we favor a "yes" vote on it.

Proposition 9

This measure would permit by county charter a borough form of government either for all or any part of unincorporated area of a county.

In our opinion this may be the answer for unincorporated areas in some cases, i.e. those areas that are not ready to form a city. It It sounds to us like it is pretty logical so we favor a "yes" vote.

Proposition 10

This would empower the legislature to authorize hiring of private architects and engineers by contract for work which cannot be performed by the staff of a state agency within the time that public interest requires.

We think this measure would tend to speed up needed state construction which might otherwise be delayed because civil service people are too heavily loaded.

We suggest a "yes" vote.

Proposition 11

This extends the time from six months to a year that elected Boards of Freeholders have to frame county charters. We think it makes sense, so we go for a "yes".

Proposition 12

This one has a hidden danger in it.

It reduces the duration of state bonds from 75 to 50 years and further abolishes the requirement that notice of such intended issuance be published for three months in a newspaper in each county of the state. It declares that the ballot pamphlet published by the Secretary of State is sufficient published notice.

This is an opening wedge in the attack on the people's right to know how their government plans to borrow money in their name. Public notice is a safeguard that should not be tampered with.

We believe this measure should be defeated soundly and we urge a "no" vote on it.

Proposition 13

This measure repeals the inoperative Alien Land Law of 1920 which was held unconstitutional in 1952. There is no reason to keep on carrying it on the books so vote "yes" on it.

Proposition 14

This measure removes the present limitations on expenes of the Legislature now set at $300 per day for regular sessions and $200 per day for special sessions. These limitations were established in 1924 and we all must agree that the situation is slightly different expensewise in 1956.

We think a "yes" vote is in keeping with the times.

Proposition 15

This measure would permit the State and other political subdivisions to buy shares of capital stock in mutual water companies for the purpose of obtaining public water supplies.

We fail to see just what will be gained by such action so feel that a "no" is in keeping with that thinking.

Proposition 16

This measure, proposed by the State Judicial Council (which should know what is needed in their line) fixes the time limits within which the State Supreme Court may elect to review decisions of the Appellate and Superior Courts.

We go for a "yes" vote.

Proposition 17

This is another judicial measure which repeals a couple of inoperative provisions, clearing away some debris in the Constitution. We favor a "yes" vote.

Proposition 18

This measure would make it possible for a judge of a justice court to be eligible for office as judge of a superseding court established before January 1. 1960, even though he is not an attorney but has served as inferior court judge continuously since November 7, 1945.

The voters in 1950 adopted a constitutional amendment providing for a reorganization of the inferior courts in the State. The public allower a few justices of the peace to become municipal judges as a sort of compromise. We doubt that justice has suffered by this compromise.

Now this amendment would further extend the compromise to judges of justice courts which are now or will in the future be superseded by municipal courts because of population growth.

We don't think the wheels of justice will creak too much, if the few so-called "lay judges" who are left preside on municipal benches.

We will vote "yes" on it.

Proposition 19

This measure permits the Legislature, in cooperation with an adjoining state and with the approval of Congress to change the state's boundary. The shifting sands of the Colorado River have confused the boundaries of a tiny area in Imperial County which can be better administered by Arizona.

Let's make the river's work legal and vote "yes".

The greatest earthquake ever recorded in California was the Owens Valley earthquake of 1872.

The Islais Creek Terminal of the Port of San Francisco is the only bulk copra facility in Northern California.

LEGAL NOTICE

RESOLUTION NO. 12651
RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME BROADWAY NO. 4A; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 8th day of October, 1956, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on August 28, 1956, and that said Boundary Commission has prepared, or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commission has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Council until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twelve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated;

NOW, THEREFORE:

1. NOTICE IS HEREBY GIVEN that, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on October 8, 1956;

2. NOTICE IS HEREBY GIVEN that Monday, November 19, 1956, at the hour of 8:00 o'clock P. M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to cause a copy of this resolution to be published in the San Jose News, a newspaper of general circulation in the City of San Jose, and in the Campbell Press, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time and as required by law, and to cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated Broadway No. 4A.

5. The above said territory proposed to be annexed to the City of San Jose is hereby described as all that territory situate in the County of Santa Clara, State of California, bounded and more fully described as follows:

BROADWAY NO. 4A

Beginning at the point of intersection of the center line of Race Street with the center line of Pedro Street; thence North along the center line of said Race Street to the point of intersection of the center line of said Race Street with the center line of Paula Street; thence Easterly along the said center line of Paula Street to the point of intersection of said center line of Paula Street with the center line of Northrup Street; thence Southerly along the center line of said Northrup Street to the point of intersection of the center line of Pedro Street, said point of intersection being in the City Limits line of the City of San Jose; thence continuing Southerly along the said center line of Northrup Street, said center line of Northrup Street being in the City Limits line of the City of San Jose; to the point of intersection of the said center line of said Northrup Street with the center line of Fruitdale Avenue; thence Westerly along the said center line of Fruitdale Avenue, said center line of Fruitdale Avenue being in the City Limits line of the City of San Jose, to where said center line of Fruitdale Avenue meets the Northerly prolongation of the Westerly line of Lot 6 of Block 3 of the Sainsevain Villa Tract, a map of which is recorded in the Office of the County Recorder of Santa Clara County, California, in Book "A" of Maps at Page 11, records of Santa Clara County; thence Southerly along the said Westerly line of Lot 6, said Westerly line of Lot 6 being in the City Limits line of the City of San Jose, to the center line of Los Gatos Creek; thence Southwesterly, up the center line of said Los Gatos Creek to the Southwest corner of Lot 5 of said Sainsevain Villa Tract; thence Northerly along the Westerly line of said Lot 5 to the Southerly line of Fruitdale Avenue; thence Northerly in a direct line to the Southeast corner of that certain parcel of land described in the deed from Robert A. Fletscher and Lois Fletscher, his wife, to Robert William Schlegel and Connie R. Schlegel, his wife, dated February 27, 1952, and recorded February 28, 1952 in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2372 of Official Records, at page 545, records of Santa Clara County; thence Northerly along the Easterly line of said last mentioned parcel to the Northeast corner of said parcel; thence Westerly along the Northerly line of said last mentioned parcel, and parallel with the Northerly line of Fruitdale Avenue, to the Northwest corner of said last mentioned parcel, said Northwest corner of said last mentioned parcel being also the Northeast corner of that certain parcel of land described in the deed from Robert A. Fletscher and Lois P. Fletscher, his wife, to Fred A. Panciullo and Antonietta Panciullo, his wife, dated August 26, 1952, and recorded September 17, 1952 in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2489 of Official Records, at page 129, records of Santa Clara County; thence continuing Westerly along the Northerly line of the last-mentioned parcel to the Northwest corner of said last mentioned parcel, said Northwest corner of said last mentioned parcel being also the Northeast corner of that certain parcel of land described in the deed from Robert A. Fletscher and Lois P. Fletscher, his wife, to Arthur L. Holt and Alice E. Holt, his wife, dated January 24, 1952 and recorded in the aforesaid Office of the County Recorder of Santa Clara County in Book 2440 of Official Records at page 570, records of Santa Clara County; thence continuing Westerly along the Northerly line of the last mentioned parcel to the Northwest corner of said last mentioned parcel; thence continuing Westerly along the Westerly prolongation of the the Northerly line of said last mentioned parcel 5.5 feet to the Southeast corner of that certain parcel of land described in the deed from Robert A. Fletscher and Lois P. Fletscher, his wife, to James Baggese and Rose Baggese, his wife, dated June 25, 1952 and recorded June 30, 1952, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2444 of Official Records, at page 151, records of Santa Clara County; thence Northerly along the Easterly line of said last mentioned parcel to the Northeast corner of said parcel; thence Easterly along the Easterly prolongation of the Northerly line of the last above mentioned parcel 70 feet; thence Northerly and parallel with the Easterly line of Race Street 117 feet to a point which is 3 feet Southerly from the Southerly line of that certain parcel of land described in the deed from Robert A. Fletscher and Lois Fletscher, his wife, to Tony R. Tomasello and Ruth Tomasello, his wife, dated May 27, 1952 and recorded May 28, 1952, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2427 of Official Records, at page 450, records of Santa Clara County; thence Easterly along a line which is parallel to and distant 3 feet Southerly measured at right angles from the said Southerly line of the last above mentioned parcel, 6 feet; thence Northerly and parallel with the Easterly line of said Race Street 3 feet to the Southeast corner of the last above mentioned parcel deeded by Robert A. Fletscher et ux to Tony R. Tomasello et ux; thence Northerly along the Easterly line of said last mentioned parcel to the Northeast corner of said parcel, said Northeast corner of the last mentioned parcel of land being in the Southerly line of that certain parcel of land described in the deed from Robert A. Fletscher and Lois P. Fletscher, his wife, to Samuel A. Fanara and Ruth B. Fanara, his wife, dated December 22, 1952, and recorded December 31, 1952, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2554 of Official Records, at page 612, records of Santa Clara County; thence Westerly along the said Southerly line of the last mentioned parcel to the Southwest corner of said parcel; thence Northerly along the Westerly line of the last-mentioned parcel and continuing Northerly along the Northerly prolongation of said Westerly line of said last mentioned parcel to the center line of Pedro Street; thence Westerly along the said center line of Pedro Street to the point of beginning.

LEGAL NOTICE

RESOLUTION NO. 12653
RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME "HILLVIEW NO. 7"; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 8th day of October, 1956, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on July 10, 1956, and that said Boundary Commission has prepared, or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commission has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Council until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twelve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated;

NOW, THEREFORE:

1. NOTICE IS HEREBY GIVEN that, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on October 8, 1956;

2. NOTICE IS HEREBY GIVEN that Monday, November 19, 1956, at the hour of 8:00 o'clock P.M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to directed to cause a copy of this resolution to be published in the San Jose News, a newspaper of general circulation in the City of San Jose, and in the Campbell Press, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time and as required by law and to cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated "Hillview No. 7".

5. The above said territory proproposed to be annexed to the City of San Jose is hereby described as all that territory situate in the County of Santa Clara, State of California, bounded and more fully described as follows:

HILLVIEW NO. 7

Beginning at the point of intersection of the center line of State Highway No. 101, of the Department of Public Works of the State of California, with a line parallel to and distant 60 feet Southerly from the Northerly line of Story Road; said point of intersection being in the City Limits line of the City of San Jose; thence Easterly along said line which is parallel to, and 60 feet Southerly from said Northerly line of Story Road to where said parallel line meets the Northerly prolongation of the Easterly line of that certain 8.996 acre parcel of land dedescribed in the deed from George Sommer and Annie Sommer, his wife, to A. J. Sunzeri, recorded September 29, 1954, in the Office of the County Recorder of Santa Clara County, California, in Book 2969 of Official Records at page 625, records of Santa Clara County, said parallel line being in the City Limits line of the City of San Jose, thence Southerly along said Northerly prolongation of the said Easterly line of said 8.996 acre parcel to the Northeast corner of said 8.996 acre parcel; said Northerly prolongation of said Easterly line being in the City Limits line of the City of San Jose; thence running Easterly in a straight line, said straight line being in the City Limits line of the City of San Jose, to a point in the center line of King Road which is S 37° 36' E 297.4 feet from the Northwest corner of that certain 119.16 acre parcel of land described in the deed from C. B. Goodrich and Violet B. Goodrich, his wife, to Gee Bee Aero, a corporation, dated August 28, 1950 and recorded in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2064 of Official Records, at page 124, records of Santa Clara County; thence Southerly along the said center line of King Road, said center line of King Road being also the Westerly line of said 119.16 acre parcel, and also being in the City Limits line of the City of San Jose, to where said center line meets the Northerly line of that certain 2.16 acre parcel of land described in the deed from Gee Bee Aero, a corporation, to Joseph C. Azevedo, Jr. and Hazel L. Azevedo, his wife, dated September 27, 1950 and recorded September 28, 1950 in the aforesaid Office of the County Recorder of Santa Clara County in Book 2064 of Official Records, at page 126, records of Santa Clara County; thence N 49° 51' E 275 feet along the Northerly line of said 2.16 acre parcel, said Northerly line of said 2.16 acre parcel being in the City Limits line of the City of San Jose, to the Northeast corner of said 2.16 acre parcel; thence S 37° 36' E along the Easterly line of said 2.16 acre parcel and continuing S 37° 36' E along the Southerly prolongation of said Easterly line of said 2.16 acre parcel, 382.14 feet to the Southerly line of said 119.16 acre parcel heretofore referred to, said Easterly line of said 2.16 acre parcel and the Southerly prolongation of said Easterly line being in the City Limits line of the City of San Jose, said Southerly line of said 119.16 acre parcel being also the Northerly line of Lot 1 of the Filmore Tract, a Map of which is recorded in the aforesaid Office of the County Recorder of Santa Clara County, in Book "C" of Maps, at Page 57, records of Santa Clara County; thence Westerly along the said Northerly line of said Lot 1 of the Filmore Tract to the center line of King Road; thence Southerly along the said center line of King Road to where said center line meets Northerly line of that certain 12.35 acre parcel of land described in the deed from Nick Sorge and Vivian Sorge, his wife, and George Schneller and Sylvia Schneller, his wife, dated March 25, 1948, and recorded April 2, 1948, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 1591 of Official Records, at page 174, records of Santa Clara County; thence Westerly along the Northerly line of said 12.35 acre parcel to the Northwest corner of said 12.35 acre parcel, said Northwest corner of said 12.35 acre parcel being also the Northeast corner of that certain 7.30 acre parcel of land described in the deed from Geo. Schneller to Nick Sorge and Vivian Sorge, his wife, and recorded in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2528 of Official Records, at page 305, records of Santa Clara County; thence continuing Westerly along the Northerly line of said 7.30 acre parcel of land to where said Northerly line of said 7.30 acre parcel of land meets the Easterly line of that certain parcel of land described in the deed from Menotti Annigoni and Margherita Annigoni, his wife, to Edwin B. Pray and Dorothy D. Pray, his wife, recorded in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2326 of Official Records, at page 204, records of Santa Clara County; thence Northerly along the Easterly line of said last named parcel to the Northeast corner of said parcel; thence Westerly along the Northerly line of said last-named parcel to the Northwest corner of said parcel in the Easterly line of said State Highway Number 101; thence continuing Westerly along the Westerly prolongation of said Northerly line of said last-named parcel to the center line of said State Highway Number 101; thence Northerly along said center line of said State Highway Number 101 to the point of beginning.

ADOPTED this 8th day of October, 1956, by the following vote:

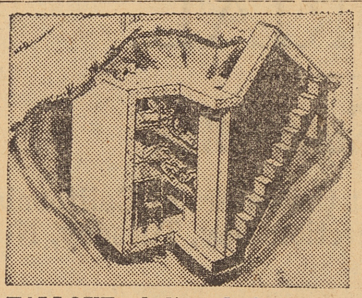
Final Session for 'School of Missions'

First Methodist Church

"When Joy Becomes Real" will be the sermon topic of the Rev. Herbert Neale at both the 9:30 and 11 o'clock services this Sunday morning. New members will be received into the church, and there will be a sacrament of Baptism at both services.

The final session of the "School of Mission", which has been studying Southeast Asia, will feature a two-act play entitled "Jungle Prize". The plot deals with Communist infiltration and attempted influence on the people of Malaya, and the resistance of the people.

Taking part in this play will be members of the drama group, Mrs. Ken Cramer, Paul Stevens, Don Boughn, Merle Smith, Monty Estabrook and Dick Barney. It is directed by Maravene Barnett and will begin at 7 o'clock Sunday night.



FALLOUT shelter designed by the Federal Civil Defense Administration would provide almost complete protection from fallout at low cost

RESOLUTION NO. 12650

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME MONTEREY PARK NO. 20A; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 8th day of October, 1956, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on August 2, 1956, and that said Boundary Commission has prepared, or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commission has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Council until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twelve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated;

NOW, THEREFORE:

1. NOTICE IS HEREBY GIVEN that, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on October 8. 1956;

2. NOTICE IS HEREBY GIVEN that Monday, November 19, 1956, at the hour of 8:00 o'clock P.M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to cause a copy of this resolution to be published in the San Jose News, a newspaper of general circulation in the City of San Jose, and in the Campbell Press, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time and as required by law, and to cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated Monterey Park No. 20A.

5. The above said territory proposed to be annexed to the City of San Jose is hereby described as all that territory situate in the County of Santa Clara, State of California, bounded and more fully described as follows:

MONTEREY PARK NO. 20A

Beginning at a point on the Southerly line of Phelan Avenue which is S 40° 58' 32" E. 20 feet and N 49° 05' E 50 feet from a monument set at the point of intersection of the center line of South Tenth Street with the monument line 20 feet North of said Southerly line of Phelan Avenue; thence S 40° 58' 32" E. 2937.03 feet, more or less, to the Southerly line of that certain 41.50 acre parcel of land described in the deed from Bank of America National Trust and Savings Association, a corporation, as Trustee, under the Will of Henry Hoover, deceased to Carlton O. Rouse and P. E. Rouse dated April 8, 1942, and recorded April 9, 1942 in the Office of the County Recorder of Santa Clara County, California, in Book 1090 of Official Records, at page 207, records of Santa Clara County, California; thence S 51° W 586.03 feet, more or less, along the said Southerly line of said 41.50 acre parcel, said Southerly line being in the City Limits line of the City of San Jose, to the Southwest corner of said 41.50 acre parcel; thence Northerly along the Westerly line of said 41.50 acre parcel, said Westerly line being in the City Limits line of the City of San Jose, to the Northwest corner of said 41.50 acre parcel, said Northwest corner of said 41.50 acre parcel being in the Easterly line of that certain parcel of land described in the deed from Joseph Messina, et ux, to the Western Pacific Railroad Company, a corporation, dated September 8, 1952 and recorded September 10, 1952, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2483 of Official Records, at page 557, records of Santa Clara County; thence continuing Northerly along the Easterly line of said parcel of land deeded to the Western Pacific Railroad Company, said Easterly line being in the City Limits line of the City of San Jose, to the Northeast corner of said parcel; thence Westerly along said Northerly line of the last mentioned parcel, said Northerly line being in the City Limits line of the City of San Jose, to where said Northerly line meets the Southerly prolongation of the Westerly line of that certain 24.584 acre parcel of land described in the deed from Anna Anderson, et al, to Alfred Bidle Anderson, dated October 27, 1950, and recorded November 8, 1950 in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2092 of Official Records, at page 283, records of Santa Clara County; thence Northerly along the said Southerly prolongation of the said Westerly line of said 24.584 acre parcel, said Southerly prolongation of said Westerly line being in the City Limits line of the City of San Jose, and continuing Northerly along the Westerly line of said 24.584 acre parcel to where said Westerly line, said portion of the said Westerly line being in the City Limits line of the City of San Jose, of said 24.584 acre parcel meets the Southerly line of that certain 4.50 acre parcel of land described in the deed from Manuel Adrian, et ux, to R. M. Peart, et ux, dated February 9, 1950 and recorded February 17, 1950 in the aforesaid Office of the County Recorder of Santa Clara County, in Book 1929 of Official Records, at page 435, records of Santa Clara County; thence continuing Northerly along said Westerly line of said 24.584 acre parcel to where said Westerly continuation meets the Southerly line of the Smith Avenue Subdivision, a map of which is recorded in the aforesaid Office of the County Recorder of Santa Clara County, in Book "K" of Maps, at page 7, records of Santa Clara County; thence Easterly along the Southerly line of said Subdivision to the Southeast corner of said Smith Avenue Subdivision; thence Northerly along the Easterly line of said Smith Avenue Subdivision to the Southerly line of Phelan Avenue; thence Easterly along the said Southerly line of Phelan Avenue to the point of beginning.

ADOPTED this 8th day of October, 1956, by the following vote:

AYES: Councilmen: Hathaway, Moore, Solari, Starbird, Watson, and Doerr.

NOES: Councilmen: None.
ABSENT: Councilmen: None.

LEGAL NOTICE

RESOLUTION NO. 12663

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME BRYAN NO. 4A; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 15th day of October, 1956, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on September 25, 1956, and that said Boundary Commission has prepared, or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commission has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Counciil until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twelve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated

NOW, THEREFORE:

1. NOTICE IS HEREBY GIVEN that, pursuant to the provision of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on October 15, 1956;

2. NOTICE IS HEREBY GIVEN that Monday, December 3, 1956, at the hour of 8:00 o'clock P. M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to cause a copy of this resolution to be published in the San Jose News, a newspaper of general circulation in the City of San Jose, and in the Campbell Press, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated Bryan No. 4A.

5. The above said territory proposed to be annexed to the City of San Jose is hereby described as all that territory situate in the County of Santa Clara, State of California, bounded and more fully described as follows:

BRYAN NO. 4A

Beginning at the point of intersection of the center line of Jenkins Avenue with the center line of Myrtle Avenue as said avenues are shown on the Map of the Subdivision of part of the D'Ablaing Tract, a map of which is recorded in the office of the County Recorder of Santa Clara County, California, in Book "E" of Maps, at page 129, records of Santa Clara County; thence Westerly along the center line of said Myrtle Avenue to the intersection of said center line of Myrtle Avenue with the center line of Jarvis Road; thence Southerly along the said center line of Jarvis Road to where said center line of Jarvis Road meets the Westerly prolongation of the Southerly line of that certain parcel of land described in the deed from Louis R. Mazzone and June C. Mazzone, his wife, to Willis S. Davis and Lucia Davis, husband and wife, dated June 15, 1952, and recorded July 30, 1952, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 2461 of Official Records, at page 194, records of Santa Clara County; thence Easterly along said Westerly prolongation of said Southerly line of the last above mentioned parcel to the Easterly line of said Jarvis Road; thence coninuing Easterly along the said Southerly line of said last above mentioned parcel to the Southeast corner of said last above mentioned parcel, said Southeast corner being in the Westerly line of that certain parcel of land described as Parcel No. 1 in the deed from Louis R. Mazzone and June C. Mazzone, his wife, to Kozuo Nakayama and Fumico Nakayama, his wife, dated June 10, 1955, and recorded July 6, 1955, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 3216 of Official Records at page 366, records of Santa Clara County; thence Southerly along the said Westerly line of the last mentioned parcel and the Southerly prolongation of said Westerly line, to the center line of Bryan Avenue; thence Easterly along the center line of said Bryan Avenue to where said center line of Bryan Avenue meets the Westerly line of that certain 30.192 acre parcel of land described as Parcel No. 2 in the deed from William F. Rose and Edith L. Rose, husband and wife, to William F. Rose and Edith L. Rose, husband and wife, as joint tenants, dated May 4, 1948, and recorded January 1, 1949, in the aforesaid Office of the County Recorder of Santa Clara County, in Book 1730 of Official Records, at page 294, records of Santa Clara County; said point of meeting being in the City Limits line of the City of San Jose; thence Northerly along the said Westerly line of said 30.192 acre parcel, said Westerly line of said 30.192 acre parcel being in the City Limits line of the City of San Jose, to the Northwest corner of said 30.192 acre parcel; thence Easterly along the Northerly line of said 30.192 acre parcel, said Northerly line of said 30.192 acre parcel being in the City Limits line of the City of San Jose, to where said Northerly line of said 30.192 acre parcel meets the center line of Jenkins Avenue, thence Northerly along the center line of said Jenkins Avenue, said center line of Jenkins Avenue being in the City Limits line of the City of San Jose, to the point of beginning.

ADOPTED this 15th day of October, 1956, by the following vote:

AYES: Councilmen: Delmas, Hathaway, Moore, Solari, Starbird, Watson and Doerr.

NOES: Councilmen: None.
ABSENT: Councilmen: None.

WAITIN' FOR MOMMY . . . Mary-Lyn Farber watches over her 8-month old twin sisters Jaime and Jody (l.to r.) while mother shops at Lee Brothers. Mary-Lyn is 9 years old and attends St. Lucy's School. The girls belong to Mr. and Mrs. Chester Farber of 725 Almarida Drive in Campbell. It seems like little Jody just isn't interested in prowling newspapermen with cameras.—Campbell Press photo.

Many Win Prizes At Lee Bros. Here

Mrs. M. A. Summers, 652 Hazel, was winner of the Grand Prize a television, at the drawings held last week at Lee Bros. Market in Campbell.

Other winners included Mrs. J. LaMorte, 495 N. Winchester; Mr. Ivan Cook, 1020 Hacienda; Zelona Whitaker, 41 S. Winchester; Joy Grundy, 387 N. Milton; Aleene Howe, 560 Virginia; Mrs. Calvins, 296 S. Winchester; Byron Loek, 526 Page; R. Cavins, 299 S. Winchester; Joe Clark, 129 S. Christopher; Robert D. Klousner, 285 Merina; Dorothy La Morte, 495 N. Winchester; Mrs. Madge William, 1160 Longfellow; Martha Travis, 260 N. Central; Ben Levine, 141 Mariana Way; F. M. Mack, 701 W. Campbell; Mrs. Gen Christianusui, 18705 Afton; Grant Bringhurst, 1637 Ensenada; Mrs. Helen Frates, 950 Burrows Road; Mrs. Ben Levine, 141 Mariana Way; Mrs. C. Thoeny, 1698 Hamilton.

GYMS OPEN NIGHTS

Starting this week the Campbell and Camden High School boys' gymnasiums will be open Thursday evening and Saturdays for recreational activities, according to Ken Robison, director of recreation for the Campbell Union High School Recreation Commission.

Gymnasiums at both schools will be open Thursday evenings from 7 to 9:30 for adults and teenagers who wish to participate in basketball, volleyball, badminton and other indoor sports. Young children are excluded from the Gyms Thursday nights, according to Robison, but may take part in sports in the Gyms Saturday from 9 a.m. to 2 p.m.

Proposition Three Compaign Costs 'Chicken Feed'

The campaign backing proposition 3 is running on "chicken feed", E. F. DeVilbiss, executive director of the Santa Clara County Taxpayers' Association announced recently.

According to DeVilbiss, the campaign is being run by volunteers, with limited contributions from private sources, and therefore is not costing the public a big bill.

The measure, a $200 million state building construction bond issue had a successful origin when both houses of the State Legislature unanimously agreed on its need and decided to put it on the November 6 ballot. Since then the measure has continued its smooth sailing and has won endorsements from both major political parties.

Both Vice President Richard M. Nixon and Governor Frank G. Clement of Tennessee gave their approval to the measure on recent appearance in the area.

Business and labor are strongly behind 3, according to Earl Moorhead, executive secretary, Central Labor Council of Santa Clara County. He reports that "beginning with the American Federation of Labor and right on down through local and regional labor and building trades groups, labor is solidly behind this necessary expansion of state facilities."

Heard Around Campus

By Ken Hird

What with the ever-increasing shortage of qualified teachers, appropriately enough a committee was formed called "Area Teacher Recruiting Committee." Its purpose is that of making plans as to how to get more teachers trained and placed in our schools. The first meeting of this group was held Oct. 15 at SJS.

On the same subject, "The Crisis In Teaching" was a featured article in the Sept. issue of "The Atlantic" and discussed some of the emergency measures which are available in the recruiting of teachers. Author of the article, Oscar Handlin, is Professor of History at Harvard University and a Pulitzer Prize winner also.

—SJS—

Here they are fellas! The eleven most beautiful co-eds on the campus, (so say Associated Student Body voters). The roster includes: Pat Parish, Donna Acuff, Anna Beal, Zoe Bergmann, Pat Clabaugh, Jan Pearson, Sandra Ward, Gail Dahlen, Karen Weiss, Ginny Biondi, and Gavae Allison.

Final judging for the selection of the "queen" and her maids-of-honor is being held today at the fashion show in Morris Dailey Auditorium. The little ladies will model in both formal and sports attire.

—SJS—

Class officer elections are being held today and tomorrow.

—SJS—

"College Nights" are the theme at many Bay Area high schools, where interested high school students and their parents ask questions about college and particular institutions. It's a sort of college "get-acquainted" set-up which is proving very popular. Representatives of many colleges around the Bay Area speak and answer questions at these meetings.

Dr. Stanley Benz, dean of instruction at SJS, spoke at Burlingame High School last Monday evening.

Students and parents have a wonderful opportunity to ask questions and clear up any doubts which may exist about college life, etc.

Miss Viola Palmer, admissions officer, has speaking engagements in Sequoia District High schools Nov. 6-9.

San Francisco has 307 acres of farm land in 1954, compared to 150 acres in 1950.

Lieutenant-Governor
POWERS

"I cannot conscientiously recommend a 'Yes' vote to the people on this highly technical and controversial measure ...Because of my familiarity with the many technical problems involved in providing the proper conservation of our oil and gas resources, I shall vote 'No' on Proposition 4." *Lieutenant-Governor Harold J. Powers.*

Attorney General
BROWN

"I am going to vote against the proposition because it is, I believe, unwise to by-pass the legislative process in such a complex and controversial matter." *Attorney General Edmund G. Brown.*

Assemblyman
MILLER

"I believe in the theory and principle of conservation, but there are so many possible legal interpretations of many provisions of this measure, that I do not believe it should be fixed into law by the initiative method where it will not be amendable by the Legislature." *Allen Miller, Chairman, the Assembly sub-committee on tidelands.*

WILL
VOTE NO
ON PROPOSITION
4

If you're confused about this highly technical and controversial bill, you needn't vote in the dark. Vote *NO* and refer the act to your elected representatives in the California Legislature. They're qualified to read — and understand — the small type in this bill.

W. H. Geis, Chairman

PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

Reminders

1. Most all perennial flowering plants can be divided and transplanted at this time.

2. For color during the winter months, try Calendula, Baby Primrose, Pansies and Violas.

3. The early flowering Camellias are blooming in many nurseries. By selecting appropriate varieties you can have Camellias in bloom from now until late spring.

4. Chrysanthemums in full bloom can be selected now. By buying blooming plants you can get the exact shade and type you desire.

5. Seeds of these hardy annuals, you can broadcast directly into the garden—Calendula, Clarkia, Godofia, Virginia Stock, Scabiosa, Shirley Poppy, Baby Blue Eyes, Larkspur and Red Flox.

Dwarf Citrus Trees

There are so many advantages to dwarf citrus trees that their extreme popularity throughout the state is quite understandable. No publicity or advertising has been necessary to convince California gardeners of the worth of dwarf varieties.

First among the advantages, says the California Association of Nurserymen, dwarf citrus fit right into California architecture and landscaping styles as patio plants, in boxes or raised beds. Because their roots are smaller than regular sized citrus they fit readily into tubs for container planting. And dwarf citrus bear fruit almost immediately while regular size citrus trees take three to five years to begin fruiting. Dwarf citrus require little space in which to grow and so if climatic conditions are not ideal the dwarf citrus plant can be moved to a protected area or special screens and wind breaks can readily be built to improve on the climate. Dwarf Citrus trees come from dwarf root stock and therefore stay within bounds in scale with their surroundings without pruning. The size of their fruit is normal and large.

There are some 25 varieties of dwarf citrus trees available in oranges, mandarins, tangors (combination of orange and tangerine), lemons, grapefruit, tangelos, kumquats and limes. Orange varieties include Washington Naval, Valencia and Robertson Navel; mandarins come as Dancy, Satsuma, Kinnow; lemons, as Meyer, Villa Fanca and Eureka; grapefruit, Marsh Seedless, among others.

When you have selected the dwarf citrus varieties you want to grow, choose a planting site that is sunny and wind-free. Don't crowd the trees together, and avoid lawn areas because of the differences in watering requirements. If adequate heat is a problem, choose a sun-pocket in a patio, against a wall, under an overhanging roof with southern exposure. Make sure the planting soil drains well. (If you plant in containers, put gravel in the bottom of the box.) If the ground does not drain well, plant high on a slope or a raised bed.

A soil rich in humus is best although citrus trees are very adaptable. If you plant in containers use a mixture of ½ virgin soil, 1/4 sand and 1/4 peat. If your ground soil is heavy or sandy, add peat or other humus.

In ground planting, dig a hole large enough to house the roots of the young tree, which will come in a can or root ball covered with burlap. Set the tree with the burlap intact at a depth which will permit covering the ball with one or two inches of soil. Cut the cord around the tree and fold back the burlap. If your plant comes in a can, dig the hole two inches less than the soil depth in the can and set the plant with the soil around the roots into the hole. Be sure the bud union is above the ground level. Fill in the hole with soil mixture (NO FERTILIZER OR MANURE!) and make a basin around the tree as wide as the top of the tree. Fill this basin slowly with water. Fill it again in two or three days; water a third time in 10 to 15 days. In spring, citrus trees should be watered about once a month; in summer and fall, water every two weeks, and during winter put off watering if the rains provide sufficient moisture. Experts say to water slowly, usually n furrows, and deeply.

If you garden in a frost area, cover the tree when extreme cold is predicted, uncovering it during the day. Small kerosene heaters placed under a covered tree will usually bring it through very cold weather. Wait for six months after planting before you begin your fertilizing program. Fertilize regularly and apply ½ cup of balanced fertilizer at each feeding during the first year, 3/4 cup during the second year, one cup the third year and so on as the tree grows. Use fertilizer containing eight per cent nitrogen. Mulching is also good, for it will keep down weeds, reduce heat and retard upper crusting soil; use peat, manure, shavings, gravel.

Muscari, Scilla and Crocus

Among the smaller bulb flowers the Muscari, Scilla and Crocus are three lovely choices that will bring pastel shades into the garden from September to June.

The Crocus is the first of this trio to bloom and the species Crocus zonatus opens the show in September with its delicate pinkish-lavender flowers. During October, the C. speciousus, the showiest of the Crocus species, blooms with large blue-violet flowers. Varieties of this species come in white, lilac and blue. Through the winter months the Crocus continues to bloom in beautiful colors, sometimes scented. The Crocus likes the sun but will tolerate high light shade. Give it loose well-drained soil and set two or three inches deep. Crocus can be planted attractively in miniature settings, in front of shrubbery or under broad-leafed evergreen, the California Association of Nurserymen suggests.

County Bond Issue Gets Taxpayers' Association's OK

The Santa Clara County Taxpayers' Association has unanimously endorsed the $7,115,000 county building program bond issue, association president Cedric A. Fegtly, announced recently.

The bond is to provide county office buildings, a juvenile hall, health department wing, a North county building, communications building, chronic-case building for the county hospital, a county school building and land for these and other buildings.

According to E. F. DeVilbiss, the association's executive director, reasons behind the association's endorsement are: (1) Figures prepared by the association indicate a home owner with an assessed value of $4,000 would pay as high as $38 in taxes as his share of the cost of a pay as you go program spread over one to five years, but will pay only $25 (approximately $1 a year), on a 25 year bond issue. This is due to the assessed valuation growth of the county—three- quarters of a billion dollars. This will more than quadruple over the next 25 years, the association estimates, and the new wealth will help "carry the load."

(2) Bond issue financing enables the county to accomplish its projects more quickly because the money is available at one time.

(3) A stable or decreasing tax rate trend can be maintained for county government, the association believes. Schools, cities and special districts which do not have the broad tax base of the county continue to press for more tax funds. A stable or decreasing county tax rate can help offset many of these increased demands. The bond method of financing helps make this possible because it cuts the yearly tax rate cost to retire the bonds down to the bone, whereas, according to the Taxpayers' Association, a pay-as-you-go financing plan would sharply increase the county tax rate.

Dr Robert Taylor Heads Committee

Dr. Robert Taylor was elected president of the Moreland School District Citizens Advisory Committee last week succeeding Henry P. Nettesheim. Other officers elected include: James H. Hall, vice president; Mrs. Frank Mortara, recording secretary; Mrs. John L. Atkinson, corresponding secretary.

Eleven members of this 50 member committee were elected on the steering committee to include Lee French, Nancy Jensen, Frank Maggi, Henry Kurasaki, Gene Maschiocchi, Clarence McVey, Sal Millan, Henry P. Nettesheim, Alice Smith and Forrest Talley.

Appointment was made of Sal Millan chairman of the installation dinner meeting scheduled for mid November. Other committees are to be made by President Taylor at an early steering committee meeting.

The annual report was rendered by Nettesheim, former president, and accepted by the group.

Colleges Must Plan for Big Expansion

Unless California's public colleges and universities are expanded, Campbell High School graduates may not be able to attend these institutions even though they have recommending high school grades.

And San Jose State College, where 147 students from the Campbell area are now registered for the fall semester, will necessarily refuse many applicants for admission from this area.

This warning is voiced by President John T. Wahlquist of San Jose State College, who points out that Proposition 3 on the November 6 ballot, the state building construction bond issue, is of vital importance to Campbell parents who anticipate future college enrollment for their children in the state's public higher educational institutions. The great population and birth rate increases have created a situation which gives voters only two choices, he says: "Either expand college and university facilities or turn away deserving young people seeking college education."

Proposition 3 specifies that a minimum of $60 million of the total $200 million proposed bond issue shall be spent on state college construction Dr. Wahlquist points out. This will be part of an over-all five-year building program that contemplates $29 million of site acquisition and construction for San Jose State College.

The College is a "local" institution so far as the residents of Campbell are concerned, Dr. Wahlquist emphasizes. "Campbell voters who are concerned with the educational future of their children should give careful consideration to this measure," he says.

"the children's fares make it even more reasonable to go S.P."

THE BEST OF RIDES—FOR FOLKS OR FREIGHT

WHAT'S DOING

T. K. Nordheim, your Telephone Manager in Campbell

He found phones wherever he went

Recently, Mr. Bill Brown and his family took an auto trip to attend a business conference. After he returned, he sat down and wrote us a letter saying: *"The new modern roadside telephone booths were one of the most useful conveniences we found. They are everywhere, even out in state parks away from city populations. They saved us hours of time and eliminated so much of the annoyance of waiting."* Right you are, Mr. Brown. When you're away from home and have a call to make just look for that familiar Bell emblem. It means there's a phone handy.

* * * * *

Where were you when that call came in?

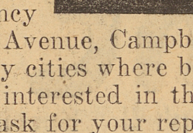
The last time the telephone rang in your home, where were you? Cooking dinner in the kitchen, doing up that blouse in the sewing room or out in the workshop finishing up that chair? Wouldn't it have been swell just to reach out and answer the phone instead of rushing halfway through the house to get the call? Telephones in the rooms you use a lot are convenient. The cost is $1.00 a month for each one after a single installation charge. You can call us today and make yours a telephone-convenient home.

* * * * *

A NEW PAYMENT OFFICE

For your convenience, you may now pay your telephone bills in person at the Cambrian Park Branch of the Bank of America, 14396 Union Avenue. This new payment office is in addition to the present agency of Clark's Drug Store, 415 E. Campbell Avenue, Campbell. There are many other locations in nearby cities where bills may be paid in person. Should you be interested in their addresses, just dial CYpress 2-9000 and ask for your representative, who will be glad to help you. You should present your bill and bill stub when paying at an agency. Please send mail payments to 190 N. 5th Street, San Jose.

PACIFIC TELEPHONE



JOB WELL DONE . . . Editor Lloyd Hitchman (left) of the monthly magazine, "The California School Employee" and Cilff Cassiday, of The Campbell Press, admire the cover of the first issue of the magazine as it rolls off the presses of the Campbell Press.

For Public School Employees

Magazine That Rolls Off Presses Here Goes to All Corners of State

From the presses of The Campbell Press to every corner of California, that's the story of "The California School Employee", official publication of the California School Employees' Association.

The first issue of this professional-type magazine for the new year, printed on slick paper and composed of 32 pages, jam-packed with news of this outstanding statewide organization, rolled off the presses of The Campbell Press for the first time last month as The Press turned out the first of nine issues that will be printed in the plant this year.

The magazine which is distributed to 8500 members of the associations is edited by a Campbell resident, Lloyd W. Hitchman, 449 El Patio. He is a former president of the California School Employees' Association and has been active in the statewide organization since 1946.

Although the production of the magazine is one of the biggest jobs the commercial printing department of The Press had ever tackled, the first publication came out on schedule and the entire operation rolled smoothly from cover to cover largely because of the capable direction of Hitchman, who is serving his first "hitch" as editor.

In the above picture, Hitchman (on the left) and Cliff Cassiday, co-publisher of The Press and top man in the "back shop", are admiring the cover of the first issue as it comes off the press. The cover of this issue pictured the officers of the association who include, Samuel W. Anthes, Jr., El Cerrito, president; William H. Zinn, Long Beach, vice-president and Miss Elma Sassone, Richmond, secretary.

Hitchman has been an employee of the San Jose Unified School District since April, 1940. He was first employed as a custodian at the Herbert Hoover Junior High School. He is now supervisor of operation which covers the building and grounds employees in the 37 schools in San Jose.

He and his wife Dorothy have raised three children in Campbell who are all graduates of both the Campbell Grammar and Campbell High Schools. All three of their children are married and have children of their own and live in this area: William J. Hitchman on Union Ave., Mrs. Willard Morfoot (Patricia) on Emory Ave. and Thomas Hitchman, on Taper Ave. in Cambrian Park.

The work that Hitchman has done (and is doing) for the CSEA is strictly extra-curricular and is in addition to his full time job with the San Jose schools.

He was elected editor of the magazine last July and will serve for a year and is immediate past president of the state organization, serving during 1954-55. He was vice-president, 1953-54; state treasurer, 1948-53; organization chairman, 1947-48 and district representative, 1946-47.

This week 8500 copies of the Thanksgiving issue will go into the mails and Issue No. 2 of Volume 26 of "The California School Employee" starts on its way all over the state.

California State tax collections in 1955-56 totaled $1,703,143,000, up $552,378,000 in five years.

TAXES ARE PAYABLE

FOR THE FISCAL YEAR 1956 - 1957

For the information of Santa Clara County Taxpayers, the following are important details concerning taxes for the Current Year.

THE FIRST INSTALLMENT

of taxes, which includes one-half of the total tax on all Personal Property secured by Real Estate, and one-half of the total tax on all Real Property, becomes due on November 1, 1956, and is delinquent on December 10, 5:00 p.m., 1956, after which time a penalty of 6% is added.

THE SECOND INSTALLMENT

comprising of the remaining one-half of the tax on all Personal Property secured by Real Estate and one-half of the total tax on all Real Property, is due on February 1, 1957, and becomes delinquent on April 10, 5:00 p.m., 1957, after which time a further penalty of 6% and costs is added to all unpaid taxes.

BOTH INSTALLMENTS

of taxes may be paid in one remittance with the First Installment, if desired.

All Taxes May Be Paid At Any Time After Receiving Your Tax Bill On Nov. 1, 1956

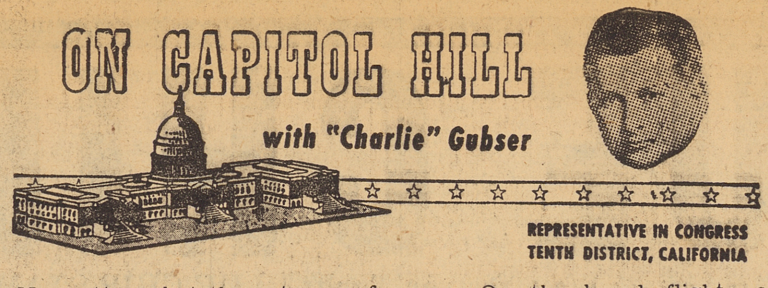
The Tax Collector's Office in the Hall of Justice, corner of Market and St. James Streets, San Jose, is open for your convenience every day between 8:00 a.m. and 5:00 p.m., Saturdays, Sundays and Legal Holidays excepted.

TAXES MAY BE PAID BY MAIL

Checks accepted for **EXACT AMOUNT OF TAX BILL ONLY.** Be sure to bring your TAX BILL with you, or enclose it with your remittance by mail.

ROY P. EMERSON
Tax Collector of Santa Clara County

IMPORTANT: Taxpayers will note that the Tax Rate is printed on the back of each Tax Bill. Original Tax Bills are mailed to Taxpayers to whom the property is assessed on the first Monday in March. If the property has been sold, please forward Tax Bills to new owners. Original Tax Bills must be returned when paying taxes. If you have not received all your Tax Bills by Nov. 1, please write or call at the Tax Collector's Office in person..



ON CAPITOL HILL

with "Charlie" Gubser

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

No matter what the outcome of the November elections, someone will be solmenly sworn in as President of the United States during inaugural ceremonies next January. No matter what the outcome of the November elections, thousands will jam Capitol Plaza, thousands will line the flag-decked streets and thousands will parade from Capitol Hill down broad Pennsylvania Avenue to the White House. There will be inaugural balls and inaugural parties, and Washington, never a city to be unminduful of visitors, is making a tremendous effort to house, feed, transport, and entertain those who come to attend or participate in this gala event.

Although more than three months remain until Inauguration Day, Capitol Plaza is already changing its customary appearance. On the broad flights of steps leading up to the House Wing, the Senate Wing, and the Center Rotunda of the Capitol, respectively, workmen have started to erect the structures which will form the stage for the ceremonies proper. Under the supervision of the Architect of the Capitol, contractors are stacking large piles of lumber from which the platforms and the grandstands will be built. It will take more than half a million board feet to complete the construction, for while only about 100 persons, including the Justices of the Supreme Court and Members of the Cabinet, will be seated on the President's platform, there will be seats for about 15,000 in a sweeping semi-circle, and above them will tower a steel tower from which photographers and TV technicians will capture the action.

A scant two months ago, the 84th Congress ajourned in the heat of summer. Capitol in those days was a veritable hill of activity, with officials and sight-seers alike swarming over Capitol Hill, its paths and lawns and flights of steps. Today, the Members of Congress are largely away in their districts, the children have returned to school, the heat has given way to a crisp, colorful fall, and all over the east front of the Capitol, workmen are hammering and sawing away to set the stage for the inauguration. To us as citizens, the elections and their determination of who will be the next President are all-important. To Capitol Hill this October, the ceremony and the necessary preparations for it are a project that demonstrates vividly that, personalities, issues, and politics notwithstanding, history is continuous, and government never, never, even for a moment, stops functioning.

There are about 70 species of pines growing in the arboretum of the Institute of Forest Genetics near Placerville.
